

BRYAN SUGGESTS WILSON QUIT

Republican Victory Grows With Late Returns

VOTERS O. K. EIGHT AMENDMENTS

COUNT GIVES G. O. P. 404 ELECTORAL BALLOTS

Harding Gain In Southern States Sends Election Total Soaring

NEW YORK, Nov. 4. — Virtually complete returns from the whole country today showed Senator Harding would probably have 404 votes for the electoral college and Cox 127. Returns from New Mexico this afternoon indicated that state was going into the Republican column which would give Harding 37 states, leaving Cox 11 states.

The outcome in New Mexico, with three votes, was still in doubt. Oklahoma appeared to have gone into the Republican column.

According to these figures, Harding has carried the following states, the summary giving the electoral vote of each state:

Arizona, 3; California, 13; Colorado, 6; Connecticut, 7; Delaware, 3; Idaho, 4; Illinois, 29; Indiana, 15; Iowa, 13; Kansas, 10; Maine, 6; Maryland, 8; Missouri, 18; Montana, 4; Nevada, 3; Massachusetts, 18; Michigan, 15; Minnesota, 12; Nebraska, 8; New Hampshire, 4; New Jersey, 14; New Mexico, 3; New York, 45; North Dakota, 5; Ohio, 24; Oklahoma, 10; Oregon, 5; Pennsylvania, 38; Rhode Island, 5; South Dakota, 5; Tennessee, 12; Utah, 4; Vermont, 4; Washington, 7; West Virginia, 8; Wisconsin, 13; and Wyoming, 3, a total of 404.

Cox has carried Alabama, 12; Arkansas, 9; Florida, 6; Georgia, 14; Kentucky, 13; Louisiana, 10; Mississippi, 10; North Carolina, 12; South Carolina, 9; Texas, 20; and Virginia, 12, a total of 127.

HARDING HAS SAFE LEAD IN COLORADO RETURNS

DENVER, Colo., Nov. 4.—With returns from approximately 1200 of Colorado's 1,483 precincts, Harding today had a lead of 58,000 votes over Cox. Nicholson, Republican senatorial nominee, has piled up a lead of 26,000 over his opponent, Judge Tully Scott, Democrat. For governor,

(Continued on page two)

ORANGE COUNTY CASTS 'YES' VOTE ON NINE AMENDMENTS

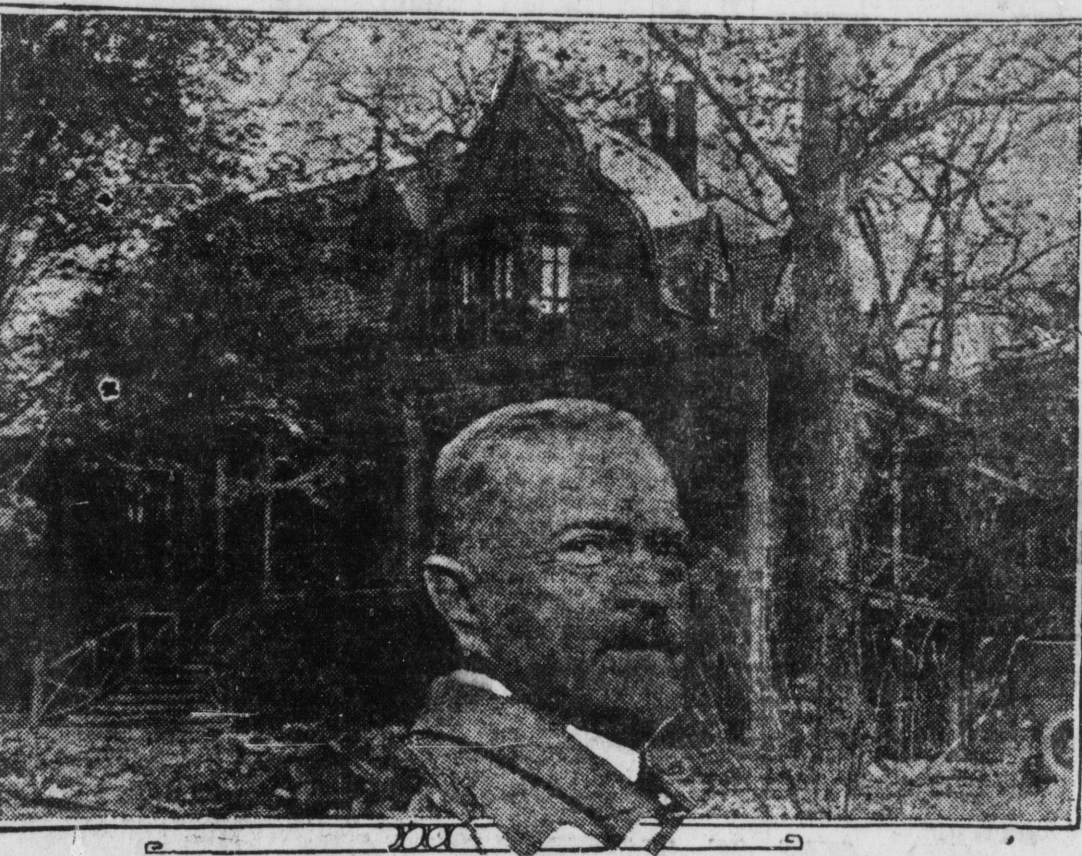

Senator Warren G. Harding has a lead over Governor James M. Cox of 9147 and a lead over his three opponents of 7532, according to complete county returns on Tuesday's election made available today by Pullerton No. 2 completing the count of that precinct last night at 6 o'clock.

The total vote cast by the county was 18,647, better than 70 per cent of the registration.

The full returns disclosed that in the fight for United States Senator, Phelan had a stronger following than Cox. Phelan's total is 1028 more than that for Cox. Harding's majority over Shortridge is 1028. Trabuco is the banner Democratic precinct.

James S. Edwards, prohibition candidate for U. S. Senator, went ahead of his ticket. He has 729 more votes than Aaron Watkins, the prohibition candidate. Based on statement on the number of votes cast for president, there are only 629 prohibitionists in Orange county.

MARRIAGE RUMORS REVIVED AS GEN. PERSHING TAKES NEW HOME

General John J. Pershing expects to become a Long Island resident soon and the fact that he has purchased one of the most beautiful and commodious residences along the exclusive North Shore near Roslyn has revived the rumor that Gen. Pershing is to be married. "What would a lone man do with a fourteen-room house even if he is a general?" was the question that went the rounds following the announcement that Pershing had purchased one of the most picturesque homes on the island.

BEET MEN MEET HERE SATURDAY

Sugar beet growers from all parts of Orange county and from the southern part of Los Angeles county are being urged to attend a big meeting to be held at the Junior high school (formerly the Intermediate school) building at the corner of Ninth and Main streets, Saturday afternoon, when it is proposed to form an organization.

The purpose of the new organization will be to remedy a number of evils which many of the growers now feel are hampering the sugar beet industry.

Announcement of the meeting Saturday was made today by J. W. Wallop, of Anaheim.

Saturday's meeting is to begin at 1:30.

HARDINGS PLANNING FOR SOUTHERN TRIP

MARION, O., Nov. 4.—President-elect Harding was making plans for the southern vacation trip today. He expects to leave Marion early Saturday, arriving at Point Isabel, Texas, Monday morning. A flood of telegrams has reached Harding asking him to make speeches en route. It is probable that he will be unable to avoid a number of talks but they will be informal in nature rather than political.

Every effort will be made by President-elect Harding to avoid appearing in Washington until he goes there March 4 to take the oath of office. He may find it necessary to spend a few days there, however, clearing out his desk in the senate office building. Harding is opposed to taking any official part in senate proceedings now.

He announced today that he will resign as senator on the second Monday in January, provided Harry L. Davis, who will be inaugurated governor of Ohio on that date, will appoint Frank B. Willis, senator-elect, to serve out Harding's unexpired term.

One of the two avowed aims of the Harding administration will be the final wiping out of sectionalism. Through his campaign he has pledged this and his first authorized utterance on political issues since the election was on the same question.

This was in the form of a statement authorized by the president-elect and sent by G. H. Van Fleet, managing editor of the Marion Star, Harding's newspaper, to J. E. Brown, city editor of the New Orleans States, in reply to a message of congratulation.

R. Y. Williams was elected to complete the short term in the superior court. The term is for the period following official canvass of the returns by the Board of Supervisors and the first of January. Williams was appointed to the bench when Judge W. H. Thomas accepted appointment to the appellate court in Los Angeles. Williams cannot now legally act as judge of the superior court, the condition arising by the fact that the unexpired term of Judge Thomas ended with the election. Williams cannot be officially declared elected until the count is

(Continued on Page Two)

JAP PROTEST ON CAL. LAW LOOMS

TOKIO, Nov. 4.—While the Japanese foreign office has refrained from making any statements following the passage of the Japanese program in California, it was generally understood that a formal protest would be made to the state department.

News of the result of the vote in California has not been disseminated sufficiently to make noticeable nationwide protest.

Authorities believed it will be several days before any demonstration will develop.

WASHINGTON, Nov. 4.—Japan will push to a show-down its protest against the California land law prohibiting all land holding by Japanese, it was learned here today.

The action of California in adopting the land law makes the issue here more clearly defined as the protest of Japan will now be considered formal, and as a protest against an accomplished fact. One of the next steps in the negotiations, it was said, will be a move by Japan to bring her protest to the foreground.

WASHINGTON, Nov. 4.—The state department announced today that it would investigate alleged interference by the Japanese consul at Los Angeles in the vote on the anti-Jap land law when the facts are presented.

SAN FRANCISCO, Nov. 4.—California Japanese today announced their intentions of starting court proceedings in effect the anti-Japanese program, which was passed by the voters on Tuesday.

The "New World," a Japanese newspaper published here, declared in its issue yesterday that it proposed starting the injunction proceedings.

Approximately 3500 precincts reported early today gave for the measure 332,941; against 123,003.

N. Y. MAN WILL SIT IN ISLAND DISPUTE

WASHINGTON, Nov. 4.—President Wilson has named Abram I. Elkus, of the New York court of appeals as the American member of the League of Nations commission to settle the Aaland Islands dispute between Sweden and Finland, it was announced today at the state department.

RESULT ON 4 MEASURES IN DOUBT

Harris Act, Single Tax and Community Property Law Snowed Under

SAN FRANCISCO, Nov. 4.—With returns on the 20 amendments now two-thirds complete, the situation with regards to these measures today stood as follows:

Carried—Anti-alien land law, poison act, highway bond measures, alien poll tax, irrigation act, school financing, exemption of orphanages from taxation, state aid to children of tubercular parents.

Defeated—Harris prohibition act, increase salaries of supreme court judge, changing number of signatures on initiative petition, anti-vaccination anti-visitation, calling constitutional convention, community property law, single tax.

Results on the following were in doubt—Chiropractic act, University of California tax measure, insurance act, absentee voting.

Of the last four only the absentee voting measure is believed to have carried.

TROOPS RAZE CITY IN REPRISAL FOR CONSTABLE'S DEATH

DUBLIN, Nov. 4.—The village of Granard, 60 miles northwest of Dublin, was practically destroyed last night by uniformed men.

The raid was in reprisal for the murder of Inspector Keilcher of the Royal Irish constabulary, shot dead in his hotel room there in the outbreaks following MacSwiney's funeral.

The raiders stormed into the town in eleven motor trucks firing as they came.

Residents fled to the country to escape rifle shots and death in their burning cottages.

MAN IS NEAR DEATH AS HORSE KICKS HIM

Charles Nelson, employed on the ranch of E. W. Pyne near Placentia, was at an Anaheim hospital today, recovering from concussion of the brain, sustained when he was kicked by a horse. Nelson was in a corral with the animal when the accident occurred. Nelson lay unconscious at the hospital all last night, but was resting comfortably today.

SUGAR WORKERS TO GET HIGHER WAGES

HONOLULU, T. H., Nov. 4.—Workers on the sugar plantations of Hawaii are to receive a higher basic wage, with a revised sliding scale of bonuses based on the price of sugar. The new bonus system will give the laborers higher bonuses on low-priced sugar and lower bonuses on the dearer article.

The new basic wage scale has been advanced from \$20 to \$30 per month, while each monthly bonus will be calculated on the price of sugar for the month in which the bonus is to be paid instead of being calculated on the price for the season as in the past.

CHAMP CLARK LOSES IN CONGRESS RACE

MONTGOMERY, Mo., Nov. 4.—Champ Clark, one time presidential possibility, and former speaker of the House of Representatives was defeated for reelection by 500 votes, according to returns today. Clark's successful opponent was T. W. Hukriede, Republican.

Clark has conceded his defeat.

Oklahomans Elect G. O. P. Woman To Congress Seat

MUSKOGEE, Okla., Nov. 4.—For the second time a woman will sit in the house of representatives at Washington after Democrats today conceded the election of Miss Alice M. Robertson, 66, Republican candidate for congress from the second district. Miss Jeannette M. Rankin of Montana, was the first woman elected to congress. She was elected in 1916.

Miss Robertson is a pioneer. She was born near here where her father was a missionary to the Indians. President Wilson appointed Miss Robertson as postmistress here.

Miss Robertson was active in state politics. She was vice president of the state anti-suffrage association before statehood. She was also active in opposing suffrage until the Susan B. Anthony amendment was adopted.

During the war she operated a cafeteria here where soldiers and sailors were given meals free.

COX NOW PLANNING VISIT TO EUROPE

DAYTON, Ohio, Nov. 4.—Governor James M. Cox said today he probably would visit Europe in the spring of 1921.

He indicated he desired to make a first hand investigation of conditions there as they affect the United States, in addition to satisfying a love for travel.

He expected to go to Columbus tomorrow to clean up executive business that has accumulated during the last two weeks of the campaign.

Newspaper correspondents, who have been with the governor during the campaign will be his guests at a dinner at Trails End tonight.

Cox expected to leave for his Mississippi hunting trip early next week.

G. O. P. WINNER IN ALL STATES WEST OF ROCKIES, CLAIM

SAN FRANCISCO, Nov. 4.—Every state west of the Rockies was safely in the Republican column today.

Arizona and Nevada which had been counted as Democratic by most observers before election, turned in majorities for Harding and for Republican state and congressional tickets during the night. The one exception in these two states was in Arizona where Carl Hayden, Democrat, was elected congressman.

Nevada uneaten Charles Henderson, Democrat, and put Tasker L. Oddie, Republican, in his place in the senate. Arizona elected Ralph Cameron, Republican, over Senator Marcus Smith, Democrat. Smith had represented the state in the senate ever since Arizona gained statehood.

In California, with approximately 1,000 out of 6,177 precincts missing, Harding was approximately 300,000 ahead. Shortridge was leading Phelan, Democrat, for the senate by about 50,000. The Republican congressional ticket had been victorious everywhere in the state excepting in the first and second districts where Lea and Raker, Democrats, respectively, were elected, Raker without opposition.

LUXEMBOURGER PLANS TO ENFORCE S. A. LAW

"Burning trash out of hours must stop," declared Fire Chief John Luxembourger today, following a trash and grass fire which called the fire department to the home of Mrs. V. J. Adams, 1038 West Fourth street, late yesterday afternoon.

The blaze was quickly extinguished and no damage was done.

The ordinance prohibiting the burning of trash, except between the hours of 8 and 10 in the morning is not being observed," said Luxembourger. "Steps will be taken to enforce it and a fine will probably be assessed to those who do not observe the regulation."

In explaining the ordinance, the fire chief said:

"Fires will not be allowed to burn after 10 o'clock. Anyone burning trash must not build the bonfire within 15 feet of the nearest wooden structure. Special efforts will be made to enforce this ordinance in the future."

NEBRASKAN'S PLAN WOULD PUT HARDING IN POWER THIS YEAR

CHICAGO, Nov. 4.—William Jennings Bryan, here today, suggested that as a result of the election President Wilson should resign immediately allowing Vice-President Marshall to assume that office.

Marshall, Bryan said, should appoint President-elect Harding as secretary of state and then also resign when congress meets in December in order to allow Harding to start carrying out his program immediately.

The laws regulating succession to the presidency would put Harding in the President's chair if the program were carried out and Marshall resigned.

"The people voted against the Wilson league and for the association of nations, endorsed by the Republicans," said Bryan in an interview with the U. P.

"It would seem proper, therefore, that the president accept that verdict and aid in carrying it out by resigning at once. He surely will find it no pleasure in combatting a Republican congress. It would also enable Vice President Marshall to become president for a short time, an honor which he has well deserved."

"Marshall should then appoint Harding as secretary of state and offer his own resignation when the congress meets in December. The law regulating the succession would then make Harding president and with a Republican congress to support him, he could carry out the Republican plan of international cooperation."

Bryan declared he knew nothing of any proposed conference of Democrats to plan a new program. He said the result of the election would indicate a conference of leaders of the party would have to change its program.

"The Democratic party has been and is progressive," he said.

"The San Francisco convention did not represent the rank and file of the party. It was under a joint control which had a special interest other than party reform. This joint control was represented by three things: First: the wets who sought to trade the constitution and then ten commandments for beer with a 'kick' in it.

"Second: Wall street.

"Third: idolators and officeholders."

FOUNDER OF VENICE PASSES AWAY AT 69

VENICE, Calif., Nov. 4.—Abbot Kinney, well known California pioneer and founder of Venice, died at his home here early today after a lingering illness. Cancer of the lungs brought death.

Kinney was 69 years old. He is survived by a widow and six children.

No funeral arrangements have been made.

CALL MEETING OF BASEBALL MAGNATES

NEW YORK, Nov. 4.—Notices that the eight National league clubs and the Boston, Chicago and New York American league clubs would meet in Chicago Monday to push through their clean-up plans for baseball, have been mailed President Johnson of the American League and his "faithful five."

Copies of the proceedings of the recent conference of the Johnson faction have been received by President Heydler but the plans of the faction regarding the meeting Monday were not made known.

MAN IS ARRAIGNED IN BAD CHECK CASE

Fred Wulff, of Orange, recently arrested in Selma after several charges had been placed against him in connection with passing several alleged worthless checks, was given his preliminary examination in Justice Cox's court today.

The charge placed by A. Jenkins of Orange for having passed him a worthless check for \$10 was dismissed after Wulff had refunded the money. He was bound over to the superior court, however, on a charge of having given Jim Vante of Orange a bad check for \$12.50. He will be arraigned on this charge in the Superior Court tomorrow morning.

It is understood that he will plead guilty and ask for probation. He will be represented by Attorney S. B. Kaufman.

G. O. P. NAMES N. Y. GOVERNOR

ALBANY, N. Y., Nov. 4.—Nathan L. Miller, Republican, has been elected governor of New York state by a majority that will run between 65,000 and 75,000, it was estimated today.

With 150 districts, all considered Republican, missing, today, Miller was leading Governor Alfred E. Smith, Democrat, by 62,035.

The actual vote with these districts missing was: Miller, 1,510,111; Smith, 1,448,075.

SOLDIER BONUS LAW RECEIVES BIG VOTE

SEATTLE, Nov. 4.—Indications early today were that the soldier bonus bill, the most popular measure on Tuesday's ballot, got well over two thirds the vote of the state, probably close to 300,000 out of an estimated total of 435,000 votes cast.

With half the state vote counted, indications satisfied Republican campaign managers here today that Harding has carried Washington by at least 125,000. Cox ran ahead of the Democratic state ticket.

ELEVEN CLASH FOR CITRUS BELT TITLE

RIVERSIDE, Cal., Nov. 4.—Hundreds of Riversiders plan to go to Pomona tomorrow to witness the football game between Poly High of this city and Pomona High for the citrus belt league title.

The Riverside rotary club today gave the Poly team a vote of appreciation and passed a resolution calling for a 100 per cent attendance of the club on the side lines at Pomona tomorrow.

The team that wins the game will grab the title. Riverside has beaten Redlands and Chaffey and Pomona has beaten Chaffey and San Bernardino.

BELIEVES ELECTION WILL HELP BUSINESS

LOS ANGELES, Nov. 4.—"The psychological effect of the Republican landslide will be to improve business conditions throughout the country," Henry M. Robinson, Republican, leading Los Angeles banker and financial adviser to the American peace commission in Paris, declared today.

Robinson, who has been a strong advocate of the league of nations, expressed confidence that the Harding administration would "bring America into some sort of a league."

"I hope and believe the party will do its duty and give us protection from the isolated position we would have were we to remain out of a league of some kind," he said.

ALMADA WILL ASSUME OFFICE THIS MONTH

MEXICALI, Lower Calif., Nov. 4.—Baldomero Almada, several days ago appointed governor of Lower California, will assume the office some time during this month, according to an announcement made by Mayor Merida today.

Almada was appointed to succeed Manuel Balazares, temporary governor.

With the incoming regime hopes for uniting the various districts of Lower California into a closely-knit state were high today.

What's Going On

Thursday, Nov. 4.
Fred Rafferty's residence, 7:30—Community Players meet.
Saturday, Nov. 6
Santa Ana High School grounds, 2:30 p. m.—League football game, Santa Ana High vs. Anaheim.
San Diego, 2:30 p. m.—Championship football game, Santa Ana Junior college vs. San Diego Junior college.

Marriage Licenses

Floyd L. Ross, 21, of Santa Ana, and Grace B. Andrade, 26, of Fullerton.
Charles L. Ragan, 23, and Bernice O. Benson, 22, both of Los Angeles.
Herman Cruger, 37, and Mabel Desmond, 38, both of Los Angeles.
Nick Gonzalez, 23, and Laura Serrans, 18, both of El Toro.

Arnold R. Volger, 22, and Marie O'Keefe, 18, both of San Francisco.
Joseph H. Randall, 49, and Anne R. Fleming, 44, both of Santa Ana.
Ira Kennedy, 27, of Los Angeles, and Marie R. Wilmer, 22, of Buell.
Ellar Garcia, 18, and Eulalia G. Ramirez, 18, both of Westminster.
Jacob Emil Schumacher, 35, and Bertha Catherine Weber, 28, both of Anaheim.
George Emmmons Ames, 29, of Orange, and Amanda T. Kreuz, 20, of Anaheim.

THE CHEERFUL CHERUB

My friends invite me
out so much
I never get my
writing done—
It's hard to have a
great career
And be polite to
everyone.

City and County

The funeral of George Evanson, employee of the Standard Oil company, who was killed by a falling pipe at Huntington Beach last week, was to be held from the Presbyterian Church at Whittier at 1:30 p. m. today.

The art departments of the various city schools are very busy making posters for the Pilgrim pageant, to be given on December 21. Under Miss Hazel Bimus, the grammar schools are interested in their share of the work, and the High school classes busy with their pageant posters.

SAYS ELECTION WILL NOT AFFECT BUSINESS

SAN FRANCISCO, Nov. 4.—Senator Harding's election was a foregone conclusion and, therefore, will have little or no effect on business in general, in the opinion of Captain Robert Dollar, president of the Robert Dollar Steamship company, one of the largest concerns doing business with the Orient.

"Everyone took it for granted," said Captain Dollar, "and there probably will be few changes in our commercial life. We've had our ups and downs. We're on the downward grade now, but soon we'll have our ups again. Harding's election will have no notable effect on business in general."

PLAN CHILDREN'S BUILDING
OAKLAND, Nov. 4.—A children's building, to cost approximately \$350,000 and which will be used exclusively by the Alameda county Health Center in its work among minors was endorsed as the proposed Ethel Moore Memorial by a committee of eighty. The site of the building will be near Lake Merritt, on property already purchased by the center.

MILLIONS OF MEALS SERVED BY Y. W. C. A.

Recent reports from the two hundred and more Y. W. C. A. cafeterias scattered about the country show that considerably more than twelve million meals were served to hungry individuals last year. So great has the cafeteria business become since its origin fifteen years ago, that the Y. M. C. A. is giving a special course for training cafeteria directors in New York City and in extension schools in the West. The business of feeding three thousand people a day, as is the case in many of the city cafeterias, cannot be left to a woman whose only qualification is the ability to concoct pies such as mother used to make. The cafeteria director must be carefully trained in the technique of marketing, cooking, business management, attractive serving—and the Association cafeteria director must be able to look sweet and appear cheerful under any complication. Two specialists from headquarters are making a round of the two hundred centers to keep all cafeterias up to the standards of convenience, comfort and attractiveness. So many men patronize these eating places that the last cafeteria opened has included among its conveniences, a smoking room for men.

Kryptok—the only bifocals that keep you looking young in middle age, many eyes begin to need glasses for both near and far vision. Then the question is, "What is the best way to secure that help?"

We recommend Kryptok Glasses, the only invisible bifocals. Kryptoks not only give the wearer all the comfort and convenience of having both near and far vision in one pair of glasses, but they also have the good appearance of single-vision glasses. They never make you look old or odd.

KRYPTOK GLASSES THE INVISIBLE BIFOCALS

Our optical service includes everything that you can possibly need for your eyes.

Dr. J. R. Wilcox
OPTOMETRIST
106 East Fourth St.

MEMBERSHIP IN C. OF C. IS NOW 914, SHOWN

That the Chamber of Commerce has nearly reached the goal set in the recent membership campaign was disclosed today by a report from Secretary J. C. Metzger showing the number of members to be 914, including sustaining memberships. The old members have not yet all been solicited, but it is believed those who are now on the rolls will continue to support the organization.

The board of directors at a meeting took official recognition of the committees and voted to extend the thanks of the Chamber to the Rotary and Kiwanis clubs and organizations outside of these organizations for their valuable service rendered in the campaign.

The matter of holding a reception to new members was referred to the entertainment committee to suggest a plan for such an affair.

The secretary was authorized to take up with William Hewins, who has leased the new hotel on North Broadway, the matter of the Chamber of Commerce being given the honor of serving the first banquet to be served in the new hotel. The Chamber wishes to show its appreciation of the confidence placed in the community by Hewins and will attempt to arrange for a large number of its members to attend such a banquet.

WOMAN, 80, PIONEER OF FULLERTON, DIES

(Special to the Register.)
FULLERTON, Nov. 4.—Mrs. Louise Theissen, 80, for twenty-three years a resident of Fullerton, died yesterday afternoon at her residence on East Preslow avenue, here. Mrs. Theissen had been ill for several months. She is survived by her husband, Rudolph Theissen, and by several children and grandchildren. The funeral will be held Friday afternoon at 2 o'clock from the chapel of Angus MacAulay, Rev. F. H. Doeschner, of the Salem Evangelical church of Anaheim, officiating. Grandchildren of the deceased will act as pallbearers. Interment will be at Loma Vista cemetery.

CHURCH SLACKER IS RAPPED BY EVANGELIST

"The Slacker" was the subject used in an address by Evangelist Albert C. Fisher, at the First Methodist church last night, and he did not use the soft pedal in handling the subject.

He said in part:
"The term slacker came out of the war, and it applies to the man or woman who is not willing to carry his part of the burden of the government."

"The term slacker not only applies to the one who threw down his gun during the battle, but also to that most vicious of men, the one who stayed at home and profited out of the people and the government while the boys were giving their lives for the liberty and common good of humanity. The man who fails to use his fortune, made during the war, for the common good, is more contemptible than the soldier who dropped his gun and ran."

Both the evangelists were in the draft, and have very definite conceptions as to the meaning and practice of loyalty. But Fisher was after the church slacker last night.

"Thomas was a slacker," Fisher continued. "He was not present at the services, when his Lord was there to meet him and the other disciples. He missed the proof of His presence, and the great commission as recorded in John 20."

"The person who has no honor relation to his church vows is a slacker. How much do some of the members care whether the Lord wins or loses in His conflict with worldliness? How many are trifling with the things and enemies of the kingdom? How many have surrendered to the enemies of righteousness? Suppose we sent a committee to each Christian in Santa Ana tonight, how many would be found loyal soldiers in the battle for righteousness?"

Tonight Evangelist Fisher will preach on "Is God Dead?" At 6:45 Mrs. Fisher will hold her first meeting with the young folks.

SUBDIVISION OPENED OUTSIDE LONG BEACH

Belmont Shore Place, a new subdivision which will offer investors beach homes within easy commuting distance of Long Beach, has been opened east of that city by the W. A. Heitman Realty company of Los Angeles.

A big excursion is being planned to go from Santa Ana, Sunday, under the personal direction of W. G. Rather, agent for the Heitman company. With the great shortage of housing accommodations now evident in the city of Los Angeles and elsewhere in Southern California the purpose of the company is to offer their subdivision as home building sites for workers.

DEAD FROM OVERWORK
CHICAGO, Nov. 4.—M. Emmet Claire, prominent attorney, died suddenly. His death was due to overwork in the political campaign, it is believed.

Think of "EXCELSIOR" when you want milk, cream and ice cream. Leipsics Birthday Sale starts Friday. We want you at our birthday party.

ELECTION HEADS GET 7 DAY AND 2 CENTS EACH VOTE OVER 100

At a meeting of the Board of Supervisors it was voted to pay the election officials \$7 per day, with the addition of 2 cents per name for each vote cast over 100 in each precinct, the pay in no case, however, to exceed \$10 for the day's work.

This is to compensate officials in precincts where an exceptionally large vote was cast, forcing the officials in consequence to spend a good deal more time in tabulating the return.

SWING'S MAJORITY PLACED AT 33,000

Reports today indicate that Judge Phil D. Swing of El Centro, Republican nominee for congressman, defeated Hugh L. Dickson, Democrat and labor union man, by a majority of 33,000, possibly more.

Imperial county, Swing's home county, gave him a vote of five to one, and Orange county was right on its heels, for here Swing received a four-to-one vote. The Orange county totals are: Swing, 12,163; Dickson, 3,130.

San Diego has contributed a majority of around 14,000. With 203 precincts out of 223 reported, Swing had 20,469 and Dickson 6,952.

Riverside county's total, when received, will show about 4,000 majority for the Imperial judge. Forty-six precincts in the county, including all of Riverside city, gave Swing 5,328 and Dickson 1,682.

San Bernardino county, which is Dickson's home county, went to Swing. With eighteen out of 150 precincts missing, the county stands 9,876 for Swing and 6,584 for Dickson. Dickson got his heaviest vote from the San Bernardino railroad shops. He was formerly a railroad fireman.

Inyo and Mono counties together have only about 2,000 votes. The word from Inyo is that Swing carried the county three to one.

JOE GORMAN WINNER OVER OAKLAND FIGHTER

PORTLAND, Nov. 4.—Joe Gorman was given the decision after ten fast rounds of boxing with Jack Davis of Oakland, at the Milwaukee arena last night. Joe tried hard for a knockout in the last few rounds, but Davis shed the blows in good shape and generally planted one in Joe's stomach when he received one of the frequent punches which landed on his face.

Kid Palmer, of Los Angeles, won the verdict over Jimmy Darcy of Portland. Ole Anderson knocked Leo Cross down in the sixth and felled him for a count of nine in the seventh, finishing him in the tenth with a blow that knocked Lee out completely.

Roy Sutherland of Los Angeles, and Al Nelson of Boise, fought a four-round draw.

LET GARAGE CONTRACT
BAKERSFIELD, Nov. 4.—The board of supervisors let the contract to Currie & Duglar for the new garage on the county lock near the courthouse, for \$46,200.

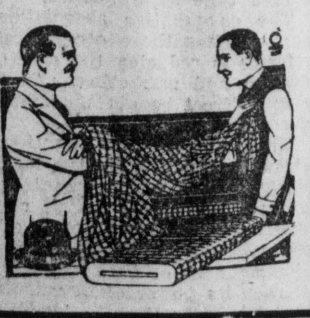

Order Fall Clothes Now!

Our Fall and Winter Wools are the best to be found from foreign and American looms—you will be pleased with the new styles we offer and the unusually attractive prices for Suits and Overcoats. MADE TO YOUR MEASURE AND MADE RIGHT!

We are happy to say that the range of prices on these lovely gowns are low enough to be fully appreciated by the shopper who has looked around. By all means you should not overlook them.

HOT CLASHES TO HIGH PRAISE IS MARK ANNUAL A. A. U. MEET GIVEN MUTUAL ASSOCIATION

NEW YORK, Nov. 4.—"Putting the shot" seems to be one of the events left off the card for the annual meeting of the Amateur Athletic Union in New Orleans Nov. 14, 15 and 16.

Being an annual indoor get-together of the non-participating "athletes" of the nation, the "shot put" should not be listed, but from the rumblings among the athletes several big shots will be hurled in the direction of the organization.

From an informal organization of the athletes formed during the Olympic games in Belgium this summer, a committee probably will be sent to the Gulf City meeting to demand a thorough house cleaning of the organization.

Nothing definite, however, has yet been announced by the committee of athletes which includes Norman Ross, champion swimmer; Ted Meredith, middle distance record holder; Dick Remer, Walker and others.

The athletes seek first the elimination of politics, which seemed at the Olympic games, and the injection of some business methods in the organization. They may also present the resolutions signed on the Princess Matoka, which severely criticized the Olympic committee for the A. A. U. Although this petition was recognized on the grounds that it was not "officially presented."

The business of the annual meeting will consist of election of officers and the awarding of forty-eight championship meetings for 1921. Contrary to the usual custom, the national senior track and field championship has been awarded to Pasadena, Cal., in advance of the meeting. This was done to allow the Pasadena committee to go ahead with elaborate plans for the "best meet in history," which is to be a feature of the annual "Tournament of Roses."

Applications from various organizations for the other championships must be in the hands of the A. A. U. before Nov. 10. Although the events will be awarded to selections from the list of applicants.

If Fred W. Rubien, secretary of the organization, should choose this meeting as the occasion for his threatened expose of the conduct of some of the athletes during the Olympic games, several verbal bouts of more than the amateur three-round limit may be staged. When Rubien made his threat recently, the athletes defied him to come out with his charges and he has since maintained silence.

Outside of the athletes' rank, there is a general desire to see some new young faces in the organization directing amateur athletics. The A. A. U. has been slipping fast in recent years. Much of the success of America in the next Olympic games depends upon a shake-up in the union. If conditions are allowed to go on as they have been, America may expect to have some serious reverses in the next Olympics.

What Could She Say?
"What!" cried the careful housewife. "You charge me a shilling a pound for these apples?"
"Yes, ma'am," answered the polite grocer. "That is the very lowest price we can sell them for."
"How is it that I can get them from Fodd's for eightpence, then?"
"I cannot say, madam. Perhaps Mr. Todd has taken a fancy to you. He is a widower and you are beautiful. Unfortunately I—yes'm, two pounds? Certainly."—Blighy.

tion has no delinquents. That is a remarkable record.

"The association has grown rapidly this year. The report made by our office in December, 1919, showed, assets totaling \$757,000. The report made by us today shows total assets of \$930,000.

"The methods followed by this association are first class. It carries a good reserve and its expenses are very moderate. The association makes loans at as close a rate as any in the state. It pays its installment investors seven per cent and loans at 7.5 per cent. That is indeed a close rate, and it is a good thing for the community.

"The building and loan business in California has developed rapidly this year. The combined associations have assets of fifty millions, an increase of ten millions in a year. The biggest previous year's increase was three and a half millions."

Stern in his inspection of the association's books was assisted by J. T. Fields, who has been secretary of the state commission ever since building and loan business started in the state. They go to the Orange Building & Loan Association at Orange tomorrow.

A Businesslike Arrangement
Mrs. Pester—There's a movement on foot to compel husbands to pay salaries to their wives, the same as to anyone else who works for them. Don't you think that's fair?
Her husband—Eminently fair, if the husband reserves the right to fire those who prove unsatisfactory.—Houston Post.

BROWNS RELEASE BURKE
ST. LOUIS, Mo., Nov. 4.—James T. Burke, manager of the St. Louis Browns has been released, Business Manager Bob Quinn, announced today.

Prices Still Going Down At This Store

The election is over, the people have spoken and made their choice for the next four years, which we hope will redound to the entire benefit of all concerned and we can now look forward again to more settled conditions.

It is a well known fact that nearly all kinds of merchandise is on the toboggan and we were not slow in adjusting prices downward to meet the existing slump. We are hewing straight to the line, no matter where the chips may fall.

For this week we are again offering two splendid extra specials:
36-inch double faced Ratinee, the most handsome and substantial drapery material, regular \$2.50 values at **\$1.69**

56-inch all wool plaid skirting, \$5.00 value at **\$3.98**

GOOD EVENING

The man who does his duty well
need ask no odds of anyone.
For he can face the whole wide
world and pay his way and
travel on;
There may be richer men than
he, and greater men who've
come to the end of the line,
But richer man or greater man
cannot excel an honest man.

HONOR PERSHING

THE highest decoration in the gift of
the French government, the Medi-
aille Militaire, has been conferred
upon General Pershing. It is given
to few men, either in French army
circles or among those of other na-
tions to wear this symbol of courage
and of service.

With the modesty which charac-
terizes all really great people, Gen-
eral Pershing has almost dropped
from the sight of Americans since
he came back to this country after
the accomplishment of his duties
abroad. But America has not for-
gotten her famous soldier. His re-
tirement is rather his own doing
than hers, and she rejoices with him
at this mark of honor bestowed upon
him by the French government, and
amply deserved.

THE NATURE ROOM

"AINT it grand!" gasped the ragged
little boy from the narrow city
alley, as he saw for the first time
the exhibits in the Nature Room of
the big public school. "It's just like
a cemetery!" He had never seen
any flowers or green growing plants
anywhere else.

While the Nature Room wherein
may be assembled all sorts of spec-
imens of bird, plant and the smaller
animal life, may seem at first an ad-
junct needed only by the city school,
it is truly an institution which may
well be inaugurated in the more rural
districts as well. The child from the
city streets knows little of nat-
ural beauties because he sees so
little of them, but the child more
fortunately situated is often just as
ignorant. Perhaps familiarity with
growing things has bred a sort of
contempt. "Eyes have they and see
not; ears have they and hear not," is dem-
onstrated all too often in such matters.
Nature study receives more atten-
tion in most schools than it did
years ago, but there is a vast field
for more work of the same kind.
It is not only the excellent habits of
observation, out-of-doors rambling,
and decent interest, which such
study encourages, that make it val-
uable. A love for and knowledge of
nature puts something into the life
of the child which none of the bitter
vicissitudes of his later years can
ever take away.

RIGHTS OF CHILDREN

Twenty-one years ago the relation
of the father to his child partook of
the nature of a property right. The
courts could enforce this right, but
on the other hand they were often
powerless to enforce the duty of the
father to his child. Since 1899 every
state in the Union has passed juve-
nile court laws except Connecticut,
Maine and Wyoming, and these three
states have passed laws dealing with
some of the problems usually includ-
ed in the juvenile court law itself.
The extensiveness of this legislation
is the best evidence of the previous
unsatisfactory viewpoint of the law.
How far the states have gone in
modernizing their attitude towards
the delinquent and the neglected
child is shown by the bulletin made
public by the Children's Bureau of
the United States Department of
Labor, entitled "A Summary of Juve-
nile Court Legislation in the United
States."

Juvenile court legislation deals
with a complicated group of prob-
lems; that of the child accused of
breaking the law; the adult offend-
ing against the child; the neglected
and degraded parent; the incompet-
ent and unfaithful guardian; and the
family that is simply poor.

Under the old law the delinquent
child was dealt with in the same
manner, with certain restrictions of
also, as the adult offender. He was
tried before a criminal court with
all the formality and notoriety of a
jury, sworn testimony, and confront-
ing witnesses. If found "guilty" the
child suffered the penalty. If "not
guilty" he went free. In no case did
the law extend any constructive
help.

Of recent years, however, the law
has recognized the right of the child
to a reasonable minimum of care, of
decency and of well-being. Consider-
ation has been given to the natural
impulses of youth and to the ad-
verse conditions under which the

child may have been brought up.
Because of the difference in the
structure of their judicial systems,
the states have had to meet the
problems by various methods of leg-
islative attack. In every state, how-
ever, the attempt has been made
through legislation to solve the dif-
ficult problems involving the unfa-
vorable conditions—domestic, social
and economic—under which children
are living and developing today.

Teeth In It

Riverside Press

The imposition of jail sentences
on those liquor dealers who entered
a plea of guilty recently in an east-
ern state, caused a gasp of astonish-
ment and brought the violators to
a realization that there is a genu-
ine intent to enforce the law.
Pines mean nothing to these men.
No matter how large may be the
amount levied, they can and will
pay it—and will go right back to
their nefarious business to recoup
themselves. It is only necessary to
add a little to the price of the con-
traband goods they are selling and
they will soon be made whole. But
when it comes to serving a term in
jail, even though it be only ten to
thirty days, they are deterred. Jail
sentences cannot be passed on to
the consumer.

Let the law violators come to un-
derstand that the law will be en-
forced and that they will have to stand
punishment and the bootleg traffic
will soon disappear. Lawbreakers
are always cowards. These men
know that their business is near its
end, and when they understand that
the law and order forces mean busi-
ness, they will run for cover as sure-
ly as the snake surprised in the
grass.

Prove Good Faith

Pasadena Star-News

The present government of Mexico
is very ardently and persistently
seeking official recognition by the
United States government. This is
proper. The existing regime in the
City of Mexico has made consider-
able progress toward meeting re-
quisite conditions and laying the
foundation for full confidence on the
part of the government at Washing-
ton. It is conceded by the State
Department at Washington that of-
ficial reports of conditions in Mex-
ico indicate that the new govern-
ment is in control of the situation
and is having reasonable success in
maintaining order. At the same
time, however, it is announced for-
mally at Washington that recogni-
tion of the government of Mexico
awaits more complete demonstration
of its character and purposes. The
State Department will be ready to
recommend such recognition as
soon as Mexico has given proper as-
urances that the rights and prop-
erties of Americans in Mexico will
be protected; and at the same time
shows willingness and ability to meet
outstanding international obligations
and enacts laws to provide that for-
eigners in Mexico shall have rights
as well as duties.

These conditions and requirements
are but reasonable. They are pre-
dicted upon actual demonstration of
good faith, good will and competency
by the government of Mexico in
dealing with its duties and obliga-
tions toward nationals of other
countries.

With Good Nature

Pasadena Star-News

There are great numbers of bless-
ings for which Americans have rea-
son to be thankful. One of these is
that, the morning after a national
election, the people have no fears
of being rudely awakened by the ra-
tles of machine guns and the roar
of big "Berthas" mangrinating a re-
volution. This nation does not pro-
ceed by armed revolution, but by
peaceful evolution. The whole polit-
ical complexion of the government
may be changed in a day. But this
does not breed violence. The victors
assume control, not as Roman
conquerors with the vanquished
chained to their chariot wheels, but
with becoming democratic modesty,
well aware that if they do not give
good account of their stewardship in
official position, they in turn will
be turned out of office by the peo-
ple.

Americans take their politics with
a quiet philosophy approaching se-
renity. Those who win are sobered
by a sense of great responsibility.
Those who lose, as a rule, take de-
feat gamely and in sportmanly
fashion. The tumult and the shout-
ing of political campaigns die out
after election day. There are no last-
ing personal feuds. The lion and the
lamb, politically and figuratively
speaking, lie down together in
peace, after the supreme test at the
polls. There are no mortal rudes,
no duels, no rebellions, no revolu-
tions, no resort to violence, nothing
unseemly. Such is one of the glories
of life in this free, well balanced
land.

Kiss! Kiss!! Kiss!!!

Since the "kiss" is without ques-
tion a fairly well launched custom
throughout the world, it is indeed
apropos that comments on this sub-
ject have been given some considera-
tion by the newspaper humorists of
the country. When shown on the
motion picture screen in "The Liter-
ary Digest," "Topics of the Day,"
these "kiss" paragraphs have
proved sure-fire laugh provokers.
Here are a few comments:

Our idea of a tough situation is
for a fellow to get a kiss fairly well
launched and then have a sneeze
beat him out.—Philadelphia Inquirer.
"I told her I was going to kiss
her once for every step of the way
home." "And what did she do?"
"She went upstairs and put on a
hobble skirt."—Pearson's Weekly.
"How did you get your mustache
into this condition?" asked the bar-
ber. "I tried to steal a kiss from a
girl who was chewing gum."—Kan-
sas City Journal.

News Item: Disease in dog's kiss.
But why go to the dogs?—Penn.
Punchbowl.

Dear Beatrice: "How shall I treat
a young man who always kisses me
on the porch." "What dya mean
porch?"—Buffalo Evening News.

"Darling, I kissed the very stamps
on your letters because I knew they
had been touched by your sweet
lips!" "Oh! Jack, I mistook them
on dear old Fido's nose!"—Bystand-
er (London).

Nature's Eventide

Milwaukee Journal

The birds have formed their flocks and flown their way to sunny
southern reaches. The snakes and creeping things have gorged themselves
and laid them down for their annual sleep. Next year's butterflies have
built their silken beds and put their nightcaps on. The bees, weary with
their months of toil, have entered upon their winter night of rest. The
squirrels have gathered their store of nuts. Noisy, humming Nature has
quieted down. The twittering sparrows and chickens keep watch in field
and wood.

Oaks toss their bronze-leaved branches to the falltide breeze. Maples
fling their gold red mantles to the cooling winds. The earth nestles tight
in its coverlet of fallen leaves. The glorious blue of heaven takes on a
deeper, darker tint. Nature's eventide has come and with it—sleep. The
evergreens alone their wakeful watch maintain—sentinels over summer's
tired multitude of naked, slumbering forms.

Census Figures and H. R.

New York Times

The director of the census,
Mr. Rogers, attributes the fall-
ing off in the percentage gain
of population in the last 10
years—it is 14.9 as compared
with 21 in 1910—to the slacken-
ing of immigration during the
great war, to the influenza epi-
demic, and the casualties of the
war. Is it not, however, the
fact that immigration fell off in
the first four years of the de-
cade from 1910 to 1920? The out-
standing feature of the census
is the great gain of the cities
at the expense of the country.
In 1910 the latter had the large-
est population by about 7,000,000,
whereas at the present time the
cities are ahead by about 4-
000,000. It may be predicted
that so long as high wages pre-
vail in the cities and employ-
ment can easily be had the drift
will be away from the country;
but if hard times should set in
the tide may turn. There is usu-
ally a living to be had on the
land when the supply of work in
the industries declines. Bad as
industrial depression would be,
it would have the effect of pro-
moting a healthy movement
back to the soil.

With Alaska and the overseas

possessions included, the United
States, it is estimated, will
have a population of 118,000,000.
Among civilized countries Rus-
sia, with about 175,000,000 peo-
ple, alone leads the United
States. But America stands
forth as the most powerful na-
tion in the world on account of
her resources, her solvency and
the intelligence of her people.

The continental United
States, with its 48 states, and
its great population, has be-
come a somewhat difficult coun-
try to govern from Washington;
but the problem would not be-
come easier of solution by in-
creasing representation in the
house, which an addition of al-
most 14,000,000 of people sug-
gests. The membership of the
house with 435 seats is top-
heavy now, and the legislative
machinery is cumbersome. A com-
paratively few members run the
machinery, and the average rep-
resentative is active only in
committee meetings. It is obvi-
ous that it would be better
that members, with the addition
in population, should have more
constituents than that there
should be an overflow of mem-
bers in the chamber after the
new apportionment.

Worth While Verses

COUNTRY MINE

My country, oh my country!
Fair land that great Jehovah planned
Should give to earth a new heart birth
Through kindly thought and helping hand;
Dear country mine, where only worth
And not a price in gold or birth
Can fix our destinies on earth.

CHORUS

I love thee, love thee country mine.
From violet to towering pine,
From orchard's bloom to fruited vine;
From snowy heights to blackest mine
Thou art the hope of Love divine.
I love thee, love thee, country mine.

My country, oh my country!
Around whose blazing hearthstones cling
Brave tales for our remembering,
That give our ardent spirits wing
To mount to Hope's fair heights and sing
Above the clouds of fear and strife
Of life that serves as crowning life.

My country, oh my country!
From Plymouth Rock to Oregon
Through flood and fire still glory bound,
Jehovah, God, has led thee on
And crowned with peace each battle ground.
His truth has stood, thy light at night,
By day His cloud to shield the right.

My country, oh my country!
I love thy glories manifold
That song and story oft have told
But more than beauty, power or gold
I love thy manhood pure and bold
That sets each day some new ideal
And fights till victory makes it real.

My country, oh my country!
Beyond the wisdom of the past
Through trackless regions strange and new
Thy future lies. Still mayst thou cast
Thy cares on Him whose word is true.
Great God, though oft we faint and fail
Still wilt thou say till truth prevail—

CHORUS

I love thee, love thee country mine.
From violet to towering pine,
From orchard's bloom to fruited vine,
From snowy heights to blackest mine,
Thou art the hope of Love divine.
I love thee, love thee, country mine.

—Mrs. F. T. Porter, 628 North Birch.

(Rights reserved.)

TODAY'S TALK

By George Matthew Adams

MANY LIVES.

So few of us are able to live even one life. While there are those who
live a dozen lives all in one!

Each day adds to the greatness of such lives as that lived by Roose-
velt, Wendell Phillips, Gladstone, Beecher, Cecil Rhodes and Frances
Willard.

To have done with but one life would have been to kill off such heroic
figures before youth itself had fairly begun.

Take the single example of Roosevelt—writer, naturalist, discoverer,
statesman, reformer, scholar, editor—he was ten men all in one, living a
score of lives over the course of one! And all the time human and
gentle, with all the elements so mixed that the whole world might stand up
as one witness to say that he truly was a man.

It is unfortunate that we have but one life—in space—to live. But
in this space we may crowd the activity of many lives—and splendidly
acquit ourselves in long and happy service.

Each of us may live many lives!
And there may be no limit to the number. But it is highly important
that each life we live have back of it at least one big purpose.

Let us not be petty at all. Let us carry around with us a goodly sup-
ply of the faith that conquers—and the love that knows no extinction of
time or space.

Let us, however, resolve to live but one life at a time!

GLEANINGS

THE GASOLINE KIDS.
Bob's dog was limping along on
three feet.
"Look, daddy! Tige's not hitting
on all his cylinders."—Motor Life.
"Why, Teddy! How did you catch
that chicken?"
"Oh, I des runned him and runned
him till his gas give out."—Motor
Life.

Small Helen objected to having
her throat sprayed: "I wouldn't
mind so much if you would let me
honk it in myself."—Motor Life.
"Tommy, can you spell?"
"Sure! I can even spell words of
cylinders."—Motor Life.
"Look, mother," wailed Ned,
pointing to a hole in his stocking:
"I've had a blow-out!"—Motor Life.

NATURALLY.

"My brother's business is going to
the wall."
"Dear me, how did that happen?"
"He is selling decorative vines."

KIND THE PASTOR GOT.
Five-year-old Mary lives in a small
town where the long-suffering min-
ister still endures donation parties
to make up his back salary. Just
before the last one, she begged eag-
erly:
"Can't I take something, too, muv-
ver?"

"No; if your father and I take
something, that will be plenty."

But the child could not bear to
give up the idea, so she ransacked
the whole house for something suit-
able. Finally, she appeared before
her mother with a worn and faded
dress of her own.

"Please, muvver, can't I take this?"
See, it's not a speck of good for
anything," she said.

Very Thoughtful

The minister who made the follow-
ing announcement seems to have pre-
pared for untoward results from his
preaching.

"There are some flowers here," he
said, "for those who are sick at the
close of the service."—Edinburgh
Scotsman.

True Diplomacy

"Did you ever try to convince a
man that he is wrong?"
"Well, not exactly. I usually get
him to believe that I am right, and
let it go at that."—Judge.

Stirring Experience

Where's Scribner?"
"He went into the mountain dis-
tricts to get some local color for his
next novel."

"Did he find what he was looking
for?"
"I should say so! He was mistaken
for a federal enforcement officer and
in forty-eight hours he absorbed
enough local color to last him a life-
time."—Birmingham Age-Herald.

Paradoxical Requesting

"Why did you turn your late guest
out?"
"Because he took me in."

Future of Co-operation

(By G. Harold Powell, general manager of California
Fruit Growers Exchange)

The future of co-operation rests
not only upon the ability with which
growers handle their business prob-
lems, but upon how well they meet
the present vital questions which
are leading to world-wide social and
economic unrest. A co-operative or-
ganization can not live for itself
alone. It must scrupulously fulfill
its public or social relationship as
well as its relationship to its own
members.

A co-operative organization of fruit
growers, for example, should be an
important factor in reducing the
cost of living, as well as insuring
the growers a fair price for their
fruit, if it is to play a vital part in
future social and economic life. The
producer is entitled to a fair return
on the cost of production, if the law
of supply and demand warrants it,
but he is not privileged, through
the power of organization, to impose
a higher price upon the consumer than
the law of supply and demand jus-
tifies.

With the rapid rise in costs dur-
ing the last few years, efficiency in
production and marketing has be-
come even more vital to the farmer,
as well as to the public. The prices
received for perishable farm prod-
ucts are determined by the con-
ditions of supply and demand, and
the impact of world wholesale prices,
while costs of production exert only
a remote influence.

The farmer finds it difficult to pass
on to the consumer his increased
costs. With, for example, an in-
crease in freight rates, he finds him-
self at a disadvantage in comparison
with the manufacturer who deter-
mines his selling prices on the cost-
plus basis. The farmer, who, all
through years of expensive care has
brought his orchards into bearing,
can not suddenly curtail his produc-
tion when the public refuses to pay
a price that will leave him a fair
return on his labor and investment.
He can get only what the public is
willing to pay. Increased costs of
materials, or increased freight rates,
for example, do not of themselves
make buyers willing to pay more.
But the producer of perishables must
sell, even at a loss, or allow his
products to rot in the fields, or per-
haps, send them to by-products
plants at a very moderate return.

Economy in production, efficiency
in packing, intelligent distribution,
thorough standardization, the elim-
ination of decay, co-operative pur-
chasing of supplies, development of
by-products, and a systematic effort
to stimulate demand constitute the
growers' opportunity to meet rising
costs. And to avail himself of these
opportunities requires co-opera-
tion, the handling of a large vol-
ume through a central agency, and
a high type of organization.
The co-operative association that
accomplishes these economies and
reforms is reducing the cost of pro-
duction and marketing, and confer-
ring a direct benefit upon both pro-
ducer and consumer.

These are public obligations that
should be inherent in the legal priv-
ilege of producers to organize. They
are responsibilities which no co-op-
erative organization can ethically
avoid. No group of producers has
the right to operate collectively if
it uses its power of organization to
restrict production, to lessen or ar-

THE WAY TO LOWER PRICES—Is to do it

The public wants lower prices and we are meeting that demand. Manufacturers are lowering prices on many lines of merchandise—and we are adjusting ours (price) accordingly—and on other lines we are sacrificing profits—TO LOWER PRICES.

Every day throughout November, we will feature in our advertising different items at the lower prices. WATCH For Them.

Men's Union Suits now \$1.85

A medium heavy weight cotton ribbed union suit—long sleeves, ankle length and closed crotch—a well knit, perfect fitting garment bought to sell at \$2.50.

Men's Shirts and Drawers now \$1.25

Medium and heavy weight cotton ribbed, spring needle garments, do not confuse this price and this underwear with other makes of inferior quality—offered at a little less.

Sweater prices are lowered 15 to 30%

This includes Tom Wyes, Thermos and other well known brands.

Flannel Shirts now 20% lower

Mrs. Scott Entertains
At Bridge-Luncheon

Although Mrs. M. R. Scott has
been spending most of her time re-
cently at her new home in Pasadena,
she has not severed ties with the
social circles of this city, for which
her many friends here are very glad,
she being a great favorite among
them.

The gracious hospitality of Mrs.
Scott was enjoyed yesterday at a
delightful bridge-luncheon in the gold
room of James' by a number of her
closest friends, her daughter, Mrs.
L. J. Dale, assisting her in the pleas-
ant duties.

The delicious one-o'clock luncheon
was served at dainty tables bright-
ened with French bouquets, sweet
peas and little white flowers.

Tables were then cleared for
bridge, eight of them being utilized
in seating the guests. At the
close of the play it was found that
Mrs. C. S. Kendall had won the first
prize. Mrs. O. K. Forgy held sec-
ond score, and the consolation tro-
phy fell to Mrs. J. C. Metzgar.

The guest list included Meses. A.
J. Crookshank, O. K. Forgy, Wm. F.
Lutz, Cal. D. Lester, C. S. Kendall,
Walter Prince, Walter Vandermast,
C. V. Davis, Neil D. Winslow, W. A.
Huff, Clyde Walker, J. C. Metzgar,
Frank Remsburg, J. N. Bartholomew,
O. H. Egge, E. S. Gilbert, George
Briggs, E. S. Morrow, F. W. Fuller,
H. H. Dale, C. Duane Holmes, L. G.
Wilson, J. P. Baumgartner, Miss
Dixie Perkins and Miss Wood, all of
this city; Mrs. John Cole of Spring-
field; Mrs. C. E. McFadden of Pla-
centia, and Mrs. Louis Moulton of
El Toro.

Very Interesting Meeting
The First Methodist Auxiliary of
the Woman's Home Missionary So-
ciety was very largely attended on
Wednesday. Mrs. S. M. Davis, the
president, was in the chair.

Mrs. W. B. Snow conducted the de-
votional and spoke especially of the
part women could take in helping in
the church.

The Missionary Society should be
an evangelizing force in this most
important work—the salvation of
souls. Mrs. Fisher, wife of the
evangelist, in a very pleasing man-
ner gave a vocal number entitled,
"The Old Rugged Cross."

Mrs. C. E. Marston, chairman of
the supply committee, gave a report
of the work done and told of the
different homes which receive contri-
butions of fruit, etc. from this aux-
iliary.

Mrs. Wyant presented two placed
quills for the David and Margaret
Home. Mrs. W. H. Smith read a
very interesting leaflet on mite-
boxes. Mrs. Pinn, who had charge
of the program, was assisted by
Mrs. C. Heil and Mrs. Winslow and
Miss Guthrie. They told of the
great work being done among the
foreign population in Gary, Indiana,
where large steel plants are situat-
ed.

The Orange county rally will be
held in Orange, Nov. 30th.

All-Day Meeting Tomorrow
Veteran Rebekahs will hold an all-
day meeting tomorrow in I. O. O. F.
hall. A sumptuous dinner will be
served at noon.

Bring your friends to Leipsch
Birthday Sale—starts Friday.

DYE RIGHT
Buy only "Diamond Dyes"

Each package of "Diamond Dyes"
contains directions so simple that
any woman can diamond-dye a new,
rich, fadeless color into worn, shab-
by garments, draperies, coverings,
everything, whether wool, silk, linen
cotton or mixed goods.

CATCHES DUCK ON LINE
KANE, Pa., Nov. 4.—"Is the fish-
ing good over there?" asked Bert
Smyers of a farmer, as he pointed
to a stream a few rods away. "Sure,
you can catch anything there if you
try long enough," replied the farmer.
Bert stepped along and cast his hook
and line. There was a tug, a wild
splash and Bert found he had
hooked a duck. The duck apparently
had dived for food.

POPOVERS.

Grease six muffin tins and put
them where they will get hot.

Put:

1 egg,

1 cup of milk,

1 cup of sifted flour,

½ teaspoon salt.

Into a pan and beat all to-
gether till smooth and creamy.

Dip by spoonfuls into the six
hot tins dividing evenly.

Set in a hot oven and bake 20
minutes.

The recipe may be doubled to
make 12 large popovers.

These are fine to serve for a
summer breakfast or lunch and
are very easy to make.

Double L Girls Are
Given Dancing Party

Four happy girls of the Double L
Club entertained with a jolly Hal-
loween party recently at the home
of Mrs. F. D. Hawkinson, 412 West
Second street. The rooms were ef-
fectively decorated with cornstalks,
jack o' lanterns, witches and cats.

Clusters of huge chrysanthemums
added much to the pretty setting.
Music, games and dancing were
enjoyed, refreshing punch being
served throughout the evening.

Later pumpkin pies, doughnuts, cof-
fee and apples, were served.

Taking part in the happy affair
besides Mrs. Hawkinson were Mr.
and Mrs. Frank Wollaston, Meses
Catherine Schultz, Elsie Williams,
Jennie Pollard, Nora Lykke, Henri-
etta Lykke, Lillian Lykke, Theretta
Taylor, Harriet Schultz, Maude
Lindsay, Maybell King; Messrs.
Fritz Schildmeyer, Ed Kennedy, Leo
Schmiedeberg, Harold Monroe, Ar-
den Long, Carl Edgar, Alfred Cat-
land, Leo Young, Frank Wharton
and Tom Schuler.

Woman's Union Meets

The Woman's Union of the First
Congregational church held an all-
day meeting yesterday in the church
parlors, where a social time along
with sewing, quilting and formulat-
ing plans for a bazaar, which is to
be held in the early part of Decem-
ber, was enjoyed. A cordial wel-
come is always extended to all who
feel interested enough to attend
these meetings, held on the first
Wednesday of each month at the
church.

Jolly Party Given

A jolly Halloween party was given
at the residence of W. D. White, 514
Cypress avenue. Halloween costumes
were worn.

Decorations of black cats, witches
and jack-o'-lanterns gave a very
pretty effect.

Games were played and prizes given
after which ice cream, cake and
pop-corn balls were served.

Those present were Louise and
Benton Van Dien, William, Chester,
Ted and Helen Dugger, Glover, Jean
and Paul Henderson, Lois, Margaret
and Chas. Connell, Alice White and
Pearl White.

Cards At Country Club

The regular monthly card party
of the Orange County Country Club
will be held this evening at the club-
house at eight o'clock. Auction
bridge will be the diversion. Mr.
and Mrs. M. R. Scott, the hosts, will
be assisted by Messrs. and Meses. O.
H. Egge and J. C. Metzgar.

Neighbors of Woodcraft

Neighbors of Woodcraft will meet
tonight in G. A. R. Hall, and all
members are urged to attend as
Grand Manager Marshall of Portland
will be present.

Tuesday evening a number of
Neighbors of Woodcraft motored to
Los Angeles to attend the meeting
of the Laurustinus lodge there, a
very good talk on the work of the
Neighbors being given by Grand Ad-
visor, Mrs. Hiner.

S. A. Chapter, D. A. R., to Meet
Santa Ana Chapter, D. A. R., will
meet Saturday afternoon, November
6, at the home of Mrs. R. C. North-
cross, 513 South Sycamore street.

Members of the Community Play-
ers' association will hold a meeting
at the home of Fred Raftery, 117
East Tenth street at 7:30 this even-
ing. Committee heads are to meet
at the same time with the governing
board and will discuss the selection
of a play and the time at which it
will be staged.

Mrs. Morrison Hostess
To Many Lady Cantons

A most enjoyable meeting of the
Lady Cantons was held yesterday
afternoon at the home of Mrs. W.
J. Morrison, 516 East First street,
eighteen members being present.

Among other features of the after-
noon was the framing of plans for
many entertainments this winter,
suggestions for dances receiving
hearty approval. The hostess served
delicious refreshments of salad, cake,
coffee and nuts.

geles, formerly Miss Henrietta Gow-
en of this city, is here spending the
week with relatives, and her school
friend, Mrs. Irving Doyle.

JOHNSON SAYS VOTE
MEANS END OF L. OF N.

SAN FRANCISCO, Nov. 4.—"It's
the end of the League of Nations,"
said United States Senator Hiram
Johnson in a statement on the result
of Tuesday's election issue.

"No amount of sophistry or pre-
tense can obscure the issue in the
election. The men and women who
bear the burden and pay the price
of war finally have had the oppor-
tunity to pass upon the foreign policy
of their country."

SISTERS MEET AFTER
58 YEAR SEPARATION

SPRINGFIELD, O., Nov. 4.—Mrs.
Thomas James of Jackson, O., and
Mrs. Smith Delaney of Pottsville,
Pa., sisters, met here the other day
for the first time in fifty-eight years
at the home of Mrs. Smith's son,
Thomas M. Smith. Both lived in
Pottsville when little girls. Fifty-
eight years ago Mrs. Smith came to
Ohio and settled in Jackson. The
long separation was the result of
both having large families which re-
quired their attention. Mrs. Smith
has seventeen children and Mrs. De-
laney has fourteen. One of Mrs. De-
laney's sons, Thomas, of Philadel-
phia, came here with her.

\$650,000,000 RAIL
BILL AGAINST U. S.

WASHINGTON, Nov. 4.—Private
operation of the railroads for the
first six months after the end of Fed-
eral control will cost the Federal
government a total of \$650,000,000,
according to figures made public by
Interstate Commerce commission.

The railroads sustained a net de-
ficit of \$206,000,000 during the six
months' period and besides this sum
the treasury must pay them \$450,000-
000, the amount of the guarantee pro-
vided in the transportation act. Part
of the deficit is charged to increased
pay granted to the railroad workers
by the railroad labor board.

COX SUPPORTER MUST
TAKE NAUSEOUS DOSE

SAN JOSE, Nov. 4.—There has
been one election bet in this city
that will be watched with interest.
It is between City Councilman D. M.
Denegri and Thomas Monahan, for-
mer Mayor and undertaker. The
terms were: If Cox wins Denegri
will lie in state in one of Monahan's
caskets in the center of St. James
park for three hours. If Harding
wins Monahan will drink a bottle of
particular distasteful stomach
medicine Denegri puts up at his
drug store.

Let us clean your rugs by our

ing and Dye Works, 317 West 4th
St. Phone 137.

Attend McCormac's night school.

Resinol
does stop
itching

When you are suffering from eczema,
or some similar skin trouble, you need
Resinol Ointment. It almost always
stops itching and burning at once, and
quickly clears away the eruption and
irritation. Resinol is no longer an ex-
periment—hundreds of people have
been using it for years, and doctors
prescribe it regularly. Resinol Soap is
excellent for the complexion and bath.

Resinol Soap and Ointment at all druggists.

PLAN TO SAVE OLD
RANCH BUILDINGS

BAKERSFIELD, Nov. 4.—Repre-
sentatives of civic organizations
here are at present negotiating
with Los Angeles owners of the Fort
Tejon ranch with the idea of pre-
serving some of the old buildings
on the property, about 40 miles south
of here.

The ranch was originally made an
Indian settlement by Lieutenant
Beale when he was placed in charge
of Indian affairs in California in the
early days. He gathered the tribes
of El Tejon under a patriarchal
form of government. Communal
farming was instituted and a garri-
son was maintained to protect the
Indians from hostile tribes.

When Lieutenant Beale's son,
Truxtun Beale, came into possession
of the 150,000 acres comprising the
ranch he continued the plan of ad-
ministration. Today the place still
has a patriarchal air, and the old
adobe fort and buildings are pictur-
esque of other days.

Those present beside Neal Parker
and his parents, were Mr. and Mrs.
L. Parker, Mr. and Mrs. O. L.
Parker and little daughter, Nedine;
Mr. and Mrs. C. C. Parker and baby,
Ione; Mr. and Mrs. L. E. Parker and
son, Raymond; of Tustin; Mr. and
Mrs. H. C. Moberly and Mr. and Mrs.
R. C. Bunch, of Orange; Mrs. Will
Murray and daughter, Kathryn, of
Portland; Meses Irma Williams and
Ruth Lantford.

Many gifts were showered on the
happy boy, some of them being
games, which were tried out by the
guests and proved very entertain-
ing.

Mrs. L. E. Parker played a number
of piano selections, and Meses. H. C.
Moberly and R. C. Bunch of Orange,
and the little honor guest's mother
sang some pretty songs.

Refreshments of fruit salad, cake
and red apples were served.

Those present beside Neal Parker
and his parents, were Mr. and Mrs.
L. Parker, Mr. and Mrs. O. L.
Parker and little daughter, Nedine;
Mr. and Mrs. C. C. Parker and baby,
Ione; Mr. and Mrs. L. E. Parker and
son, Raymond; of Tustin; Mr. and
Mrs. H. C. Moberly and Mr. and Mrs.
R. C. Bunch, of Orange; Mrs. Will
Murray and daughter, Kathryn, of
Portland; Meses Irma Williams and
Ruth Lantford.

MOTHER FOILED IN ATTEMPT TO BAR WEDDING

Arnold Volger and Marie D. O'Keefe, both of San Francisco, walked into the office of City Marshal Sam Jernigan early yesterday afternoon and asked to be directed to the office of the county clerk. Had their visit to the marshal's office occurred several hours later, Arnold would have been held in connection with the disappearance of an automobile from San Francisco.

As it was, Volger and his companion went to the courthouse, obtained a license, were married by Justice of the Peace John B. Cox and were well on their way to parts unknown by the time a telegram from San Francisco arrived at the office of Marshal Jernigan, asking that Volger be held.

At the office of County Clerk J. M. Backs a marriage license was issued to Arnold R. Volger, who gave his age as 22, and to Marie D. O'Keefe, who gave her age as 18. Both said they lived in San Francisco.

The telegram from the northern city was from Chief of Police E. A. White. It stated that a Scripps-Booth sedan, "painted maroon all over" and having maroon upholstery, and bearing other license number 477-744 or 329-628, was stolen in San Francisco on November 1. The driver of the machine was described as Arnold Volger, "tall, 17, dark brown hair, brown suit, hat and shoes." The message said the driver was with a girl, aged 17 years, and that both were with the car.

Seeks Volger's Arrest

"Hold car and man," the telegram said. "He wired from your city this date (yesterday)."

Young man answering the description given in this telegram appeared at the city marshal's office early yesterday afternoon in company with a young woman and asked the way to the office of the county clerk.

While in Santa Ana Volger drove a car answering the description of the one mentioned in the San Francisco telegram, according to officers. City Marshal J. A. Porter of Newport Beach, who happened to be in the court of Justice Cox at the time Volger was married, took the number of the car. It was 477-744, Porter said. This was one of the numbers mentioned in the telegram.

City Marshal Jernigan today wired to Chief White at San Francisco that Volger and the girl had been in Santa Ana, were married here, and had departed, it was thought, in the direction of Los Angeles.

Mother Foiled, Hint

Officers here today said it was their belief that the mother of Volger may have been responsible for the telegram being sent from San Francisco. They intimated that the mother sought by having Volger held to prevent her son from marrying Miss O'Keefe. This is borne out by the fact that the telegram gave the ages of both Volger and the girl as 17.

IMPERIAL VALLEY PROSPERITY SHOWN

A vivid picture of Imperial valley's prosperity and activity was brought to Santa Ana by J. A. Timmons, who recently visited the California-Niland district with other exclusive agents appointed by Herbert L. Cornish of Los Angeles, who is the general sales agent for the Imperial Valley Farm Lands association.

"This will be Imperial valley's greatest year," is the assertion made by those who have watched the progress of this agricultural wonderland. The era of pioneering is passed, it is pointed out, and the period of most intensive development is dawning.

Ar sales of more than \$1,000,000, worth of farm lands since March 1, 1920," said Timmons, agent for Santa Ana, "indicate the intense interest among farmers and investors in Imperial Valley possibilities. This year, through the expiration of our lease on several thousand acres to the Balfour-Guthrie company, we are able to offer some of the best improved land, with irrigation water, in the valley at amazingly low prices.

Timmons, agent for Santa Ana, is prepared to furnish attractively illustrated literature, describing the holdings of the Imperial Valley Farm Lands association, and profits to be made in Imperial valley lands.

"BOOZE RUNNER" TAKEN

CALEXICO, Cal., Nov. 4.—With the arrest of Francisco Mexico, a liquor runner, charged with violating federal liquor laws, authorities today found the Mexican had secreted several cases of whiskey under the floor board of his automobile truck.

(Advertisement)

Mr. Nevins comes to the front.

Tells His Friends and Neighbors of His Experience.

Every Santa Ana resident should read what Mr. Nevins says, and follow his example. He has used Doan's Kidney Pills and speaks from experience. Is there any need to experiment with imitations or untried kidney medicines?

Charles Nevins, farmer, 810 Riverline Ave., Santa Ana, says: "About a fix. I had constant backache and mornings I could hardly get about. When I stooped, I had sharp knife-like pains in the region of my kidneys. Dizzy spells also bothered me. The action of my kidneys was irregular, too. I read of Doan's Kidney Pills and used them as directed. Doan's cured me of all signs of kidney complaint and my back is now well and strong."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Nevins had. Foster-McBurn Co., Mfrs., Buffalo, N. Y.

LIVELY ASSEMBLY IS HELD BY POLY FOLK AT YOST'S THEATER

Lynn Crawford, commissioner of finance, offered an unusually good program for the high school assembly exercises at the Yost theater this morning.

Coach Morrison gave a short talk on school spirit and backing the team.

Yells were given for "Baid" Cook and Ted Coffman, injured on the football field during the past season, and who will probably be out of the game for the rest of the year.

The orchestra made its initial appearance with two numbers on the program, both greatly appreciated. There were about 24 pieces in the orchestra and about half of the musicians had never before played with other musicians.

Rev. J. A. Stevenson, pastor of the First Presbyterian church, gave a short talk on bones, which was greatly appreciated. His humorous style and the earnestness with which he drove home the points which he made were well received by the students.

Little booklets containing various interesting features of school activities were given to every student. These booklets were used in practicing songs at the close of each assembly. Violet Cook and Anita Cox, aspirants for honors as song leaders, will probably be selected.

FIRE DESTROYS BIG MONROVIA FACTORY

MONROVIA, Nov. 5.—Fire believed to have been caused by spontaneous combustion partially destroyed the P. T. Cook Cereal Food Factory. Damage to the building and plant is estimated at from \$10,000 to \$15,000. The property is insured.

Flour, milling machinery, electric motors and other costly machines used in the manufacture of patent cereal breakfast foods, flours, etc., by the company will be a total loss. The fire was first discovered shortly after 6 o'clock. Prompt response to the alarm by the fire department saved the shell of the three-story frame structure, and prevented the flames from spreading to a large furniture warehouse and fuel store nearby, Pacific Electric cars were held up for more than an hour by the fire.

COAL CAR PROBE

WASHINGTON, Nov. 4.—An investigation to determine whether there has been any violation of the law in unjust discrimination in the distribution of coal cars for interstate and foreign commerce, was ordered by the Interstate Commerce commission.

Thousands of interesting features in Leipsics Birthday Sale starting Friday.

R & G Corsets are Designed by Experts to Make You Look and Feel Your Best.

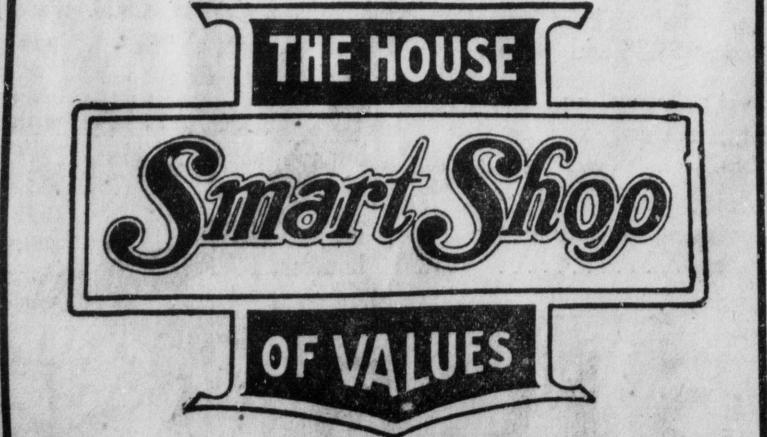

You want to look your best always—but your "best" depends upon your corset. It must be correct in every detail and it must be designed by experts who understand the anatomy of the human body as well as they know fashion.

More is required of corsets today than ever before. Beautiful lines—yes. Grace—yes. Flexibility—yes. But more than all—COMFORT!

For the sake of your good appearance wear R & G Corsets. Not only are they designed to emphasize the natural beauty of your figure—but they give you an easy, youthful carriage—modish in the extreme and comfortable to the last degree.

Come in and see the latest R & G Corsets. Find the particular model suited to your figure. Then take it home, put it on and experience a new corset joy.

MANY GET VOTES FOR SUPERIOR COURT POST

The blank left for the writing in of a name for short term Judge of the Superior court apparently puzzled many people. While Judge R. Y. Williams was re-elected to fill this term, there were nevertheless a number of others who were considered by their friends as suitable to fill the position—at least, according to the election returns.

The following people all received one vote or more for the office against Judge Williams:

A. P. Nelson, M. B. Wellington, L. Meyers, of Garden Grove, W. B. Williams (the judge's brother) Judge Z. B. West (already Superior Judge), L. A. West, C. D. Swanner (nephew of Judge Williams), Justice John B. Cox, W. H. Taylor, of Orange, Judge W. H. Thomas, S. M. Davis, J. B. Nicholls, Clyde Bishop, Otto Sankner, Leonard Evans of Anaheim, C. S. SYLVIA PANKHURST RELEASED ON BAIL

LONDON, Nov. 4.—Sylvia Pankhurst, who was sentenced to six months imprisonment October 28 on being adjudged guilty of attempting to cause addition in the navy, was released on 2000 pounds bail, pending an appeal.

She signed an undertaking to sever her connection with the newspaper, the Workers' Dreadnaught, in which an article entitled "Discontentment on the Lower Deck" figured against her. The undertaking also pledged her to refrain from attending public meetings pending the hearing of the appeal.

URGE WOMEN TO GIVE WORKERS THEIR SEATS

LONDON, Nov. 4.—"You may have my seat, sir," is what the "flapper" should say when she finds a tired, overworked business man standing near her in a London train or bus. This revolution in feminine deportment is suggested not by the men but by Englishwomen, who object to their husbands surrendering seats in public conveyances to girls and women returning home after frivolous errands.

BUILDING SHOWS INCREASE

MODESTO, Nov. 4.—Building permits for the month of October totaled \$99,960, according to City Clerk L. A. Love. This brings the total for the year to \$1,434,812, or more than double the amount for the same period of 1919. With two months left in the year the prediction for \$2,000,000 this year seem within reason.

2 HELD UNDER \$5000 BAIL EACH IN GIRL ATTACK CASE HERE

Jack Hazel, 30, and Harry Harville, 28, held in connection with an alleged statutory offense against a 13-year-old Santa Ana girl following an automobile ride to Balboa, were arraigned today in the court of Justice of the Peace John B. Cox, where a statutory felony charge was placed against them. They were remanded to the county jail in lieu of the \$5,000 bail which was set against each of them.

It is understood that Hazel, said not to have been a principal in the affair, has told a complete story of the circumstances. He will probably be held as the principal in the affair.

Harville, who is wearing a soldier's uniform, stated he had been in the Second division in France for a year and a half, and that his enlistment in the army was up only about three months ago. Harville is being held as the principal in the affair.

ERNIE JOHNSON IS BACK FROM HUNTING

Ernie Johnson, for two years manager of the Salt Lake Pacific Coast baseball club, and who was recently purchased by the Chicago White Sox, for whom he will play shortstop next season, passed through Santa Ana today, en route to Laguna Beach where he will spend the winter with his family.

Johnson returned from a hunting trip which took him into the Fish Lake country in Utah. He went on the trip as a guest of prominent Salt Lake city men, among them one of the heads of the Utah Fish and Game commission.

While Johnson did not succeed in shooting any deer, he did bag a lot of ducks. Also, he reported the fishing as having been most excellent.

Johnson while at the head of the Salt Lake club became one of the most popular managers in the Pacific Coast League.

REACHES PORT WITH FISH FOR N. Y. ZOO

NEW YORK, Nov. 4.—Twenty-two alligator gar, or garpike, big fish which the Aquarium has long desired but never had, reached that place in good shape yesterday after a troublesome voyage from Louisiana on the steamer J. R. Gordon.

Alligator gar are vicious in Louisiana they are called "fresh water shark" and treated with the respect due to man-eaters. There are tales of them having bitten men. They grow to be as long as fourteen feet.

James Legg, a messenger from the Aquarium, who brought them up, said he had a hard time getting them and keeping them. First the natives about Lake Charles, where they lived, were afraid of them, and it was difficult to get assistants. Then the steamer ran into rough weather on the way up and the fish, in canvas lined boxes, were occasionally washed out on deck by the vessel's rolling. They had to be recaptured several times.

IS KISS WORTH SIX MONTHS IN JAIL? MAN DECIDING QUESTION

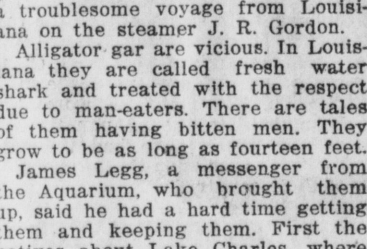

Is a kiss worth six months in jail? That is a question which Mike Crispin, 22, of Anaheim, will have ample opportunity to decide during the next six months of his stay in Deputy Sheriff Lacy's bastille.

Crispin was arrested last Saturday in Anaheim on a battery charge of having "sparked" a 15-year-old girl there somewhat against her will. When brought up before Justice Howard of Anaheim yesterday he was sentenced to six months on a battery charge. Crispin is said to be a veteran of the A. E. F., and also to have been in trouble before on a somewhat similar charge.

ARE YOU A SUCKER?

Everybody and his brother—not to mention aunt and mother—recently has joined the 1920 "sucker list." It's been caused by sweetened dandies, chocolates and bonbon candies; they have jumped so high in price, their presence now is missed. Since the war the candy prices, they have jumped 'till they are twice as high as people used to pay for chocolate-coated treats. Hence the lollipops are selling; everyone, it seems, is yelling "bring me just a sucker in the place of high-priced sweets."

PIONEER DOCTOR OF SANTA ANA PASSES AWAY

Dr. A. H. Rowan, aged 97, a pioneer physician of Santa Ana, died last night at San Diego at the home of his son, Charles G. Rowan.

Dr. Rowan was born in Ohio in 1822. He came to California in 1850, during the gold excitement, and practiced medicine in a number of places in the state before he settled in Santa Ana soon after William H. Spurgeon founded the town. Santa Ana was his home for many years. For a number of years he resided in San Juan Capistrano. A few years ago he moved to Los Angeles, and for the past year he has been with his son in San Diego.

Dr. Rowan delighted in reminiscences of the old days in California, and more particularly in the early history of this section. He was a genial old man, and had many friends here.

Besides one son in San Diego, Dr. Rowan leaves a daughter, Mrs. Carrie Fiske of 627 Garfield street, Santa Ana.

Southern California

LONG BEACH, Nov. 4. — Mrs. Martha C. Brown, mother of Miss Zaidie Brown, city librarian, is dead at the age of 78 years. Mrs. Brown was taken to vote in a wheel chair Tuesday. At midnight she suffered an attack of heart failure. After followed a few hours later and death ensued. Children surviving her are Bolton Brown, New York; Mrs. O. L. Elliott of Stanford University; Edmond F. Brown, St. Louis; Mrs. Louise Nash and Mrs. Herbert Coolidge, Santa Barbara, and Miss Agnes E. Brown of Davis, Calif. Funeral services were held here this afternoon.

SEEK BETTER CAR SERVICE. PASADENA, Nov. 4. — With its proposed municipal railroad killed by the vote of Tuesday, Pasadena has taken first steps to obtain better service from the Pacific Electric Company. A resolution from the Chamber of Commerce to the City Commission was presented, asking that a complaint against the Pacific Electric be filed with the State Railroad Commission. No action has yet been taken by the City Commission toward authorizing the City Attorney to prepare a complaint against the railroad.

CANTU VISITS RIVERSIDE. RIVERSIDE, Nov. 4. — Esteban Cantu, former governor of Lower California, yesterday saw the sights of Riverside. He was entertained at luncheon by the Chamber of Commerce, and later went for an automobile ride over the city.

FIRE DESTROYS HAY. CHINO, Nov. 4. — The amount of the damage done by fire at the Christian Assembly ranch is estimated at \$1250. It is the belief of those living on the ranch that the fire started when a cutter became heated. One of the girls discovered the blaze and at once sounded the alarm, but by the time the Ontario fire department reached the scene the fire had gotten beyond control and resulted in the loss of 15 tons of alfalfa, 15 tons of bean straw, one ton of barley hay and the building, which was valued at \$600.

REDLANDS FLOWER SHOW. REDLANDS, Nov. 4. — Redlands is planning to hold a big flower show November 11 and 12. It will be entirely a chrysanthemum show and will be held under the auspices of the Horticultural Society. The judges will be professional gardeners from Pasadena.

PAYS FOR STOLEN PUMP. SWANTON, O., Nov. 4. — John Perkins placed a well on his farm in 1914. A short time later the pump was stolen. He has just received a letter from a man in Texas, who was here at the time and who confesses to having stolen the pump. He asks for a bill so he can pay and his conscience again rest easy.

CATCHES OCTOPUS. NEWPORT, Ore., Nov. 4. — While fishing on a dock here the other day Ivy Howard of Newport, caught an octopus which measured about six feet in diameter. Devil fish have been caught before in this locality, but they are rare, as the water is too cold. The largest one ever known hereabouts was one caught by Mrs. Hanson, wife of the keeper of Heceta headlight, in 1913. The fish was about fifteen feet in diameter and put up a terrific struggle.

NASTY COLDS ARE RELIEVED AT ONCE

"Pape's Cold Compound" Then Breaks up a Cold in a Few Hours

Don't stay stuffed-up! Quit blowing and snuffling. A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all grippe misery.

The very first dose opens your clogged nostrils and the air passes freely to the head; stops nose running; relieves the headache, fullness, feverishness, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and it costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—instant upon Pape's—Adv.

MANY COMMUNITIES IN COUNTY PLANNING TO HONOR GOVERNOR HERE

Many communities of Orange county will be represented here Saturday morning in the program for honoring Governor Stephens, who is coming on a special train which is carrying naval officers and a navy band in connection with a campaign of the state in the interest of recruits for the battleship California.

The visitors will be escorted from the Santa Fe station to Birch Park by squads from Co. L, and the American Legion Post of Santa Ana. The procession will leave the depot at about 8:30 and will arrive at the park about 9 o'clock. A 40-piece band accompanying the recruiting party will play a number of selections at the park and there will be one or two addresses.

Chief Yeoman Smith, better known in navy circles as "Publicity Smith" during a visit here this week stated that the plans being arranged for the Governor and party on Saturday are on a more extravagant scale than has been attempted anywhere else in the state. He was very much pleased with the arrangements being made and anticipated splendid results.

Following the meeting at the park the visitors will be taken for a brief ride through Santa Ana and vicinity. The program is in charge of the entertainment committee of the Chamber of Commerce.

NUMBER OF YOUNG FOLK ARE MISSING

A wave of "missing youngster" cases seems to have struck the county in the past few days.

Mrs. E. A. Charleston of Brea reported to Sheriff C. E. Jackson that the following boys left Brea Saturday in a "party" and have not been seen since: Albert Smith, 14, five feet four, scar on cheek, fourth finger of his right hand helpless. He was wearing a light brown suit; Bud Hurst, 16, and Everett Hendricks, 15. It is not known how the latter two were dressed.

Virgil Grunwell, 14, of the Central apartments, Santa Ana, and vicinity, is missing. He is said to have left in the company of four men who were thought to be going either to San Diego or Imperial. He was wearing a grey sweater, a light shirt, and khaki trousers when he disappeared. He is 5 feet 7 inches, and weighs 140 pounds.

Constable Freeman of Artesia reports that a Mexican girl, 15, left with one of the three following men: Jesus Vacca, 21, Uiallo Corona, 22, or Jose Alonzo, 25. Her parents want to find her. Her name was not given.

Jennie Contreras, 13, of Anaheim is reported to have run away with John Tafalla, of Anaheim. G. G. Contreras, the father of the girl, has asked the county clerk of the various Southern California counties not to issue a marriage license to them, and to take the girl into custody should she be found.

The mother of Jose Ochoa, 13, of 920 North Logan street, Santa Ana, reports that her son, Jose Ochoa, left here about June 1 for Hemet, later going to Fresno. Since he arrived in the latter place she has not heard anything from him, and fears he may have met with foul play, as he usually writes regularly. He is described as being 5 feet ten, and weighing 150 pounds. He is slender. She thinks he may possibly have gone to Imperial to work in case he left Fresno.

MAN THOUGHT DEAD RETURNS TO FAMILY

LAFAYETTE, Ind., Nov. 4. — John Wyrwóz, who disappeared from his home at Oxford more than four years ago, and for whom a nation-wide search was made, surprised residents of that town by reappearing as if from the grave.

Wyrwóz, who was in the plumbing business, disappeared without warning, leaving his wife and children almost penniless. He was last seen in Lafayette, but no trace of him could be found from the day that he arrived here, in the spring of 1916. The following year a skeleton was found in the Wabash river and it was thought that the bones were those of Wyrwóz. Mrs. Wyrwóz decided that her husband was dead and moved to Lockport, N. Y., with her children.

When he arrived at Oxford Sunday he told friends that he had left home because of domestic trouble. He said that he spent two years in Cuba and had made up his mind never to return, but the thought of his wife and family never left his mind and that remorse finally drove him back to his former home. He left Oxford last night for the East to make a search for his family. Wyrwóz is forty-five years old.

CIVIL SERVICE JOBS IN STATE ARE OPEN

SAN FRANCISCO, Nov. 4. — The State Civil Service commission is preparing to hold a series of examinations at an early date for persons to fill a number of state positions. Among the places to be filled are the following: Chief engineer, bureau of architecture, entrance salary \$4500 a year; safety and assistant safety engineer, Industrial Accident commission, \$3000 and \$2100 a year, respectively; auditor (senior and junior), \$100-\$200 a month with traveling expenses; stenographers, messengers, holding engineers and attendants in six state hospitals. Application blanks may be had from the state commission.

HARDING'S ILLINOIS VOTE OVER MILLION

CHICAGO, Nov. 4. — Senator Harding polled more than a million votes in Illinois with one third of the returns yet to be heard from, according to figures compiled today.

The vote as tabulated early today was:

For president, 4,707 precincts; Harding, 1,184,321; Cox, 443,287. For U. S. Senator, 4695 precincts; McKinley, Repub., 1,037,589; Waller, Democrat, 617,444. For governor, 4,409 precincts; Small, 1,060,895; Lewis, 438,642.

DENTON ANAHEIM VISITOR JUNE 1, REVEALED

It has been definitely established that Jacob C. Denton, the mining man found murdered in Los Angeles, was in Anaheim on the morning of June 1, attending to some business the nature of which is unknown, and that he left at about noon for Colton, intending to return to Los Angeles that evening.

Information has been obtained to the effect that while in Anaheim Denton met on the street an Anaheim woman who was a friend of his deceased wife, Mrs. Dolly Denton, whom the woman had befriended at one time, before the Dentons became wealthy.

Denton remarked that he "had left Los Angeles and was on his way East." He said also that he was looking for a public stenographer to write some letters for him.

The Anaheim woman is said to have told Denton that she had a typewriter at her home, and that she would be glad to write his letters. Denton gave the woman the gist of the letters, and the names of the people to whom he wanted the letters addressed. While Denton finished some business in town the woman went to her home and wrote the letters, returning in about half an hour to the postoffice, where she met Denton, and saw him mail them.

Writes To L. A. Men.
While the woman did not remember to whom the letters were addressed, or the exact content, having never given the matter another thought until several months later when Denton's body was found in the basement of the Catalina street house, she did remember that one was written to some business associates in Los Angeles, stating that "as you know, I have left for the East," and going on to state that the original figures he had given to them "stood," that he would not consider any other parties being included in the deal, and adding that "your bunch can't put anything over on me." Denton went on to state, however, that although he had intended taking the train for the East from Colton, he would, as an especial favor to these men, come back to Los Angeles that night and make his position plain to them.

The other letter was addressed to a woman in Seattle, apparently a relative whom Denton had not seen for some time. Although officials would not confirm or deny it, it is believed that the woman to whom the letter was addressed was a Mrs. Leonard, a relative of Denton.

The letter asked her to meet him in Kansas City at a certain time, and went on to say that he would like to have her bring "the kiddie" along. It is known that Mrs. Leonard did go to Kansas City where she was planning to visit other relatives, and that she was disappointed in not meeting Denton there as she had expected.

Facts Confirmed.

The Los Angeles officials are understood to regard the information as important only in confirming the fact of which they are already assured, namely, that Denton was last seen alive on the day of June 1. Nothing shedding any light whatsoever on the actions of Mrs. Peete is said to have developed, and it is said that the Anaheim woman, who had seen Mrs. Dolly Denton but infrequently during recent years, did not know that Mrs. Peete existed until Denton's body was found and the mystery began to be unraveled.

It will be remembered in this connection that Mrs. Peete herself had known Denton but seven days, having first met him when she answered an advertisement offering his Catalina street house for sale.

Sheriff C. E. Jackson would give out nothing regarding the case. "The incident is closed," he said. "The Los Angeles officials found out all there was to know, and do not regard it as shedding any new light on the affair. The Anaheim woman will not be called to testify at Mrs. Peete's trial because her testimony is not considered material, concerning only the movements of Denton before the murder, and having nothing to do with Mrs. Peete, who will be on trial. The information aided officials in corroborating what they knew regarding Denton's movements on the day he was murdered. So far as I know the entire case is closed."

ANAHEIM BANKS MAKE CHANGES IN CHIEFS

(Special to the Register)
ANAHEIM, Nov. 4.—Yesterday afternoon at a meeting of the directors of the First National bank and of the American Savings bank, W. J. Sieman was elected president and a director of the former institution, to fill the vacancy caused by the death of P. C. Benjamin. Horace Benjamin was named vice-president and a director of the American Savings bank to fill the vacancy caused by the death of his father, F. C. Benjamin. Horace Benjamin will also continue as cashier of the First National. The American Savings bank is operated in connection with the First National.

SAYS DEFEATED LAW TO COME UP AGAIN

That another effort would be made to obtain a community property law was declared by Mrs. A. J. Lawton of Santa Ana, chairman of the legislative council of the Federation of Women's Club of California.

The community property law, No. 13 on the ballot, was passed by the last legislature. A referendum was taken by its opponents, and at Tuesday's election the measure went down to defeat.

Mrs. Lawton said she is firmly convinced that some measures for equality in property rights will be instituted by California. She said that the women's clubs would almost certainly make some move toward getting the matter up again next year.

It was argued during the recent campaign by some of the opponents of the measure that some of the features of the bill that they considered objectionable could be remedied by drawing up a new bill. It was also their opinion that with certain defects as they appeared to them removed the law would pass without objection.

"The opponents of the measure had a large sum with which to campaign against the measure," said Mrs. Lawton. "Those who made the fight for the measure had only \$300."

SENDS OUT BILLS FOR ADDED TAXES

Those whose personal property taxes were paid during the assessment period were today receiving bills from the county tax collector for balances due because of an increase in the tax rate.

Under the California state law, taxes on personal property that is not attached to a real property assessment are payable when the assessment is made in March, April, May or June. The amount due at that time is figured on the tax rate that was set the previous September.

When the next September arrives the board of supervisors fixes a new tax rate. If the tax rate is lower than it was the year previous those who paid to the assessor on personal property are given a rebate. If the tax rate is higher than the year previous those who paid the assessor are billed for an additional tax rate.

This September the tax rate was raised from \$1 inside cities to \$1.40. Outside cities the rate was raised from \$1.50 to \$1.90. The difference of forty cents between the rate inside a city and the rate outside a city is for a levy for roads. In the second supervisory district this year there is a special rate of ten cents for roads.

In making up the budget for the year and arranging rates, the supervisors found the demands for roads and schools unusually heavy. In fact, the entire increase in rate this year over last year is due to increases for roads and schools.

Bills now being sent out by Collector Lamb to those who are called on to pay additional personal property taxes carry figures on three items as follows:
"Tax at 1920 rate."
"Amount paid to assessor at 1919 rate."
"Balance due on account of increase in rate."

BEAUTIFUL MAHOGANY AND CANE THREE PIECE SUITE

In richness of appearance no other type of living room furniture can compare with them and we are fortunate in having so many different Suites from which you can make your selection.

They are luxuriously upholstered with beautiful figured damask, over spring construction seats. Divan, Chair and Rocker have large cushions and pillows. One splendid value at this price. \$226.

GERMAN LUTHERANS DESERTING CHURCH

BERLIN, Nov. 4.—So great is the falling off in church membership here that the Berlin Synod of the German Lutheran Church has adopted

ed stringent measures against persons who withdraw. Reports read at a recent meeting showed that while in 1915 there were only twenty-five defections, the number last year reached 5,287. As many women as men withdrew, most of them being young and the majority of

them members of the Social-Democratic Party. The Synod resolved that all withdrawing should be excluded from the privileges of the church, their children to be denied baptism and to receive confirmation instruction only on certain conditions. To make these measures effective the Synod

voted to introduce cards to show that the holders are bona fide church members.

ORDER S. A. ANAHEIM SEWER SURVEY

UNIFORMITY IN
REALTY DEALS
IN CAL. URGED
BY RILEY

Wide Influence Could Be
Wielded by Realtors,
Says Commissioner

15,000 DEALERS ACTIVE

Scope of Work Carried Out
by State Office Is
Outlined

Declaring that 95 per cent of the selling of property is through the agency of real estate brokers, R. L. Riley, state real estate commissioner, last night told members of the Santa Ana Realty Board a plan should be adopted that would make operations by dealers uniform throughout the state.

Riley said that the dealers rendered a valuable service to the man who wants to purchase and the man who wants to sell, and that there should be a state-wide policy by which the agents could receive adequate compensation for their service.

The state official was here as a guest of the realty board at its meeting last night. It was a dinner meeting held at James'. There was a good attendance. Riley was accompanied here by E. Bates, deputy commissioner in charge of the Los Angeles office.

"There is no business that requires such a wide fund of knowledge as that of selling real estate," said Riley. "The dealer must know values. He must have knowledge of building construction, of soils, of agriculture, horticulture and various other matters pertaining to realty. The dealer renders a valuable service and sometimes I doubt if the man engaged in this business gives themselves credit for the service they perform. I doubt sometimes if they realize fully the extent of that service."

Boosts Organization
"Organization is a big thing and with good strong organizations in the state the realtors would be in position to wield a wonderful influence in co-operative promotion work. There are 15,000 dealers in the state."

Referring to the extent of the work in his department, he said seven thousand people are employed in the Sacramento office, two in San Francisco, three in Los Angeles and five serving as field deputies. He said new licenses would be required the first of the year and that it would be necessary for all brokers to make an application going through the formalities of the first application. He told of the many complaints that are being sent to the office, most of them having to do with adjustments of differences arising from commissions. He said that the licenses of five dealers had been revoked in the past month or two, four of them permanently and one temporarily, for irregularity in practice.

30 Schemes Submitted
Thirty such promotion schemes had been submitted to the department in the past two months, the speaker declared. If the plan of taking over supervision of the colonization schemes is successful, and Riley said he believed it will be, he thought that in time the department would assume supervision over city subdivisions.

Riley is of the opinion that the present real estate act can be improved in many ways and suggested an amendment requiring \$1000 bond from each dealer licensed and another requiring that an applicant for a license have had at least one year's experience. He believes the \$1,000 bond will eliminate many curstose operators.

Riley expects in time to devise a contract form for use between agent and property owner that will make the agreement uniform throughout the state. Most of the complaints that come to his office are disputes over commissions because the seller and agent do not have specific understanding. He advised dealers that in taking a listing they should see that the party listing gets a duplicate copy.

Bates advised that no man selling real estate can call himself a "realtor" unless he is a member of a realty board. A judge in Minnesota recently handed down such a decision. The word is copyrighted by a national association of real estate men.

Held Discussions
Discussions were had on matters of local interest during the brief business session held.

H. J. Selway, chairman of the membership committee, announced that plans had been perfected for

CARLSBAD-BY-SEA PEAS
GROWERS SHIP CARS

The South Coast Land company, owners of Carlsbad-by-the-Sea, reports through Sales Manager E. M. Claussen, many sales of irrigated lands, and homesites for the month of October. A new packing house, 24x90 feet, to handle the pea crop now coming on the market, has just been completed by the Growers' Association. Shipments of peas have been going forward to Los Angeles and San Francisco for the past ten days. Prices range from 14 cents to 21 cents per pound, according to quality. As the first picking usually does not produce the best grade of peas, it is expected that beginning with the second picking, high prices will prevail.

The association expects to ship out the first straight car about Nov. 10. This car will go to New York where it is reported to have been sold at an unusually high price. Beginning Nov. 15 cars of peas will go forward daily to various Eastern cities. The present crop outlook is for very heavy returns.

TEXAS TOWN 'DOLLS'
UP FOR HARDING

POINT ISABEL, Tex., Nov. 4.—It was not until this morning that news reached the people of this little Gulf Coast town that President-elect Harding would arrive here next Monday on a twelve-day visit. It was the biggest piece of local news that has happened here since Gen. Zachary Taylor fought the battle of Palo Alto near by the town more than seventy years ago. Immediately preparations were begun for the coming of the distinguished visitor. It is stated that he will devote most of his time to duck shooting and deer hunting. Point Isabel is situated on the Laguna Madre, a few miles from the mouth of the Rio Grande, and twenty-two miles by rail from Brownsville.

Senator Harding will be accompanied to Point Isabel by a delegation of leading Republicans of Texas, including J. A. Culbertson, defeated Republican candidate for governor. The entertainment program tentatively agreed on provides for a trip through the irrigated part of the Rio Grande Valley and a brief visit to Matamoros, Mex., opposite Brownsville.

SHOWS OLD METHOD
OF SALTING MINES

The "salting" of mines of precious metals for swindling purposes is doubtless a very ancient practice, and has engaged the ingenuity of many clever persons.

A familiar method is that of spraying ore-bearing rock with a solution of gold or silver. This sort of treatment makes it glitter, and is highly effective for the deception of the everyday sucker.

It would never deceive an experienced mining engineer, however, and so other means are frequently adopted—as, for instance, the salting of ore samples by using a syringe to squirt silver or gold into the canvas bags containing them.

The Journal of Industrial and Engineering Chemistry says that in early days in Nevada a stampede of miners was started by an enterprising individual, who hit upon the expedient of using dentist's gold for plugging "cavities" in vesicular lava. Another ingenious person in Colorado made such an impression upon a bunch of financiers by exhibiting a piece of diamond-drill "cores" plugged with gold that he was enabled, at their expense, to retire to the life of a country gentleman.

COAST-TO-COAST IN
24-HOURS IS PLAN

ZION CITY, Ill., Nov. 4.—From coast-to-coast in 26 hours is the aim of Albert W. Lawson, airplane manufacturer, who has under construction what he considers the present fastest flying airplane.

According to Lawson, it will be everything desired in comfort and speed. "The new ship will have a speed of 120 miles an hour," said Lawson. "She is equipped with tanks which carry 200 gallons of gasoline on the regular trips of twelve hours each, but in case the airplane should need to make a flight of from 24 to 36 hours duration, auxiliary tanks could be placed on for such purposes."

The new ship could go into the air at San Francisco at 4 p. m. Monday and not come down until Tuesday evening at 6 o'clock or thereabouts.

The new airplane, which Lawson believes will surpass the German type of Zeppelin and the R 33 and R 34 turned out by Great Britain, is having the finishing touches put to it. It is expected to take the air shortly. A rich cream color tint has been put on the ceiling and the upper half of the walls of the ship. The lower half is green and the floor is covered with rugs. Trimmings are in walnut. Berths are draped with hanging folds of rich green drapery that matches the general color scheme. The bathroom is in pure white.

SWIFT PROGRESS
MADE AT MOUTH
OF S. A. RIVER

Swift progress will be made from now on in connection with the work of diverting the channel of the Santa Ana river direct into the ocean at Bitter Point, it was believed today, following a meeting of the County Harbor commission at Newport Beach.

A report was made by W. K. Barnard, of the engineering firm of Leeds and Barnard, that dynamiting of the point itself had been completed this week and that the loose material was now being used in constructing a dam, which will turn the river into the ocean.

It was estimated today that the work would be completed in approximately two weeks. It will then be possible to turn flood waters from the river directly into the ocean, thus preventing silt from being carried into the harbor.

Await Pier Completion
It is planned not to divert the river, at its mouth until construction of piers for a new bridge, used jointly by the Pacific Electric and Southern Pacific, and spanning the new mouth, is well along. However, should a rush of flood waters be imminent, the river will be diverted prior to the completion of these piers. It is hoped, however, that the pier work will be completed before the floods arrive.

It was believed today that at least twenty members of the Foreign Trade committee of the Los Angeles Chamber of Commerce would be present at the luncheon to be given in the room, where special attention will be given to the Harbor Yacht club tomorrow afternoon. Giving the Los Angeles men opportunity to see at first hand what is being done to improve Orange county's harbor is the object in the plan.

The Los Angeles men will attend a joint harbor conference to be held at Anaheim tomorrow evening. It is expected that approximately 250 delegates representing twenty-one different cities and communities of Southern California will attend the meeting at the Mother Colony. The gathering will be the occasion of a second joint conference to discuss problems affecting the port of Los Angeles, it has been announced.

Among the cities and towns to be represented at the Anaheim conference are: Van Nuys, Long Beach, San Pedro, Alhambra, Redlands, Pasadena, Pomona, Redlands, Redondo Beach, Riverside, Whittier and Wilmington. Steam Dredge Back

The Los Angeles Dredging company, which has been brought back to the harbor and begun operations adjacent to Balboa Island, working toward the mouth of the bay. The electric dredger which has been at work in the harbor for some time has been taken back to the harbor and the steam dredger will be in continuous operation, while the electric dredger has been operated for only 12 hours out of each 24.

Y. W. C. A. STARTS ON
PROGRAM OF HOUSING

A far reaching program of housing for women, including students and business and professional women, as well as the minimum wage girl, is being launched this fall by the Y. W. C. A. as a follow-up of the resolution on Housing passed at the National Convention in Cleveland last spring. Miss Blanche Geary, the head of the building activities, has just completed a tour of the Western States where she has helped in the organization, in several communities, of committees of social agencies who are pledged to make an immediate survey of housing conditions among employed women and then to project a program of renting or building to cover the need existing. Committees are already working in San Francisco, Los Angeles, Fresno, Sacramento, Seattle and Chicago. Fifty-five Associations are at present making surveys preliminary to building and sixty are building residences, apartments or hotels. The various buildings include hotels for travellers, residents for students where colleges do not furnish sufficient dormitory space, co-operative apartments for business women, residences for girls on low wages, homes for colored girls. In all the building activity of the Association emphasis is being laid on simple, inextricable buildings, tasteful but inexpensive furnishings and reasonable profit-producing investments. There are 1153 Y. W. C. A.'s in the United States, most of which will have taken up the housing problem in their community before next spring.

KILLS MARKED HAWK

MELBOURNE, Ark., Nov. 4.—Joe Puckett, of Violet Hill Township, killed a hawk one day last week that measured fifty inches from tip to tip, and on one foot of the hawk was securely tied a red bandana handkerchief, which, from its frazzled condition, must have been tied to the bird's foot a considerable length of time. The hawk's other foot showed signs of having been caught in a steel trap.

LADY SCRIBE VISITS
200 BRIGHT KIDDIES
AT SPURGEON SCHOOL

By JEANNE CRAWFORD

The faculty of the Spurgeon school believes in physical education and clean, healthful recreation and 200 sturdy, intelligent children are the best possible evidence of the efficiency of the methods used.

The daily life at the Spurgeon school is most interesting. The recreation period, beginning at 2:05 p. m., proves a beautiful sight to the visitor, what with the 200 kiddies all playing such games as volley ball, dodge ball, football and so on, even "drop the handkerchief" is popular. The departmental system of study

Three pupils at Spurgeon school. Top, Elinor Mitchell. Below, right, Pauline Trickey, and Kenneth Lamb.

is carried out as efficiently as in high schools. There are ten teachers, with Miss Olive Wagner as principal, and teacher of reading in the first and second grades.

Misses Florence Hultick and Eva Osborn are the other first and second grade teachers. For the third, fourth and fifth grades, are Misses Emma Fischer, Helen Hibbs, Lela James and Helen Von Allmen.

Miss Maurie Hamill is in charge of the kindergarten with Miss Mary Fraser as her assistant.

Ungraded Room
Miss Stella Maier in charge of the ungraded room, where special attention is given pupils who get behind on account of absence, or who find something a bit hard to get.

The spelling classes attract attention; the sing-song interpretation given to the spelling of words in chorus produces very pretty tunes. The children spell with closed eyes, tracing the words in the air, then write them on paper and give the meanings. Yesterday, Little Herbie was asked the meaning of "s-o-n." After much twisting and squirming he vouchsafed the information that "we-ell it's not the kind that shines, anyhow."

In the history class, it is a treat to see the youngsters marching bravely up in front of thirty-nine others and making their recitations as comfortably as experienced orators.

'Comes Back' Promptly
That local weather is well observed by at least one youngster was proven the other day when, in answer to the question, "why are the sheep never sheared in the fall," he came back promptly with the solution that "it might rain and get them all wet."

The big event last week was the kindergarten's Halloween party, held in their big school room, which was completely transformed into a mystic land by delightful decorations. Forty mothers were present and the good time is still being talked about. During the course of the party two little girls were overheard talking beside the piano. "Can you play the piano?" said one. "Of course. Anybody can. All you have to do is to push down on those white and black things," was the reply.

That they are taught to be very modest about their accomplishments was illustrated when two little girls went to Miss Wagner and asked if they might be excused from reading in the afternoon so that they could attend a party. Miss Wagner said, "Well you are both pretty good readers, aren't you?"

One was quick to reply, "Oh yes, Frances is a very good reader." "Well how about you?" asked Miss Wagner.

"Well," said the little girl, "Miss Von Allmen says she enjoys hearing me read, so I guess I'll do."

LONDON ACQUIRES
THE COCKTAIL HABIT

LONDON, Nov. 4.—London has adopted the cocktail habit and no establishment is now considered complete without an "American Bar."

The habit has specially caught on with women and in the Ritz, Carlton, Piccadilly and other well-known West End restaurants diners come early and spend a preliminary half hour chatting over an "aperitif."

Nearly every Englishman now has a particular "shaker," he swears by. At the American club, Collins, a colored man, is declared to be the London champion shaker, but those who frequent the Royal Automobile club bar, speak reverently of "Nick," who is renowned as a great artist.

COUNCIL SEEKS
SCOUTMASTERS
FOR TROOPS

Seven or eight scoutmasters are needed for Boy Scout troops in Santa Ana.

The problem of getting men to lead Boy Scout troops is the hardest part of the job. Executive E. E. Heidt has to crack. He so stated at the meeting of Santa Ana council, Boy Scouts of America, held at the Church of the Messiah last evening.

"We ought to have at least seven scoutmasters for troops already organized and being organized," he said. "Once this work gets well established in Orange county, the problem of getting scoutmasters will be nil, for then great numbers of men will be acquainted with the work and realize its great value in Boy Scout life. Once a man attends a Boy Scout meeting or a Boy Scout demonstration, he becomes enthusiastic. There is something about the work that grips a man. In order to hasten getting the work here on its feet we must have more scoutmasters."

7 Troops Organized.

Heidt stated that at present there are seven troops well organized in the county. Among these most recently organized is one at La Habra. A troop is being formed at Olinde.

Next Wednesday evening a group of Santa Ana Boy Scouts are to put on a demonstration at Huntington Beach, which will start the organization work there.

An interesting Boy Scout event is scheduled for Friday evening of this week. Ceremonies are to take place by which most of the members of the Elks troop will be made tenderfoot Scouts. This gathering is to be in the basement of the Church of the Messiah, which is the meeting place for Troop No. 8, of which S. J. Cornell is scoutmaster. William McKay is scoutmaster of the Elks troop. John Crawford, A. H. T. Taylor and T. E. Stephenson have been appointed troop committee for Troop 8.

Any person who desires to contribute to the Boy Scout work in the county may send contributions to the finance chairman, S. J. Cornell.

M. B. Wellington, county council chairman, presided last night.

HAS OLD VIOLIN

SANTA ANA, TEX., Nov. 4.—An ancient violin is owned by A. I. Campbell, which is kept with the records of the court in the safety vault. The instrument has that mellowness of tone which only age gives the violin. The lineage of this antique is thus traced by Mr. Campbell: "I bought it about fifteen years ago from Scotland's first prohibition election, today showed 146 voting areas continuing 'wet,' seven 'dry,' and twenty-three voting for limited prohibition."

"DRY" IN SMALL GAIN
GLASGOW, Nov. 4.—Incomplete returns from Scotland's first prohibition election, today showed 146 voting areas continuing "wet," seven "dry," and twenty-three voting for limited prohibition.

Taxi service, day or night. Crown Stage Co. Phone 925.

\$1,844,375 NOW
1920 TOTAL IN
BUILDING

322 New Dwellings Included
In Permits Issued
During Year

If Santa Ana's 1920 building total is to reach the \$2,000,000 mark, a weekly average of \$17,291.75 in permits will have to be maintained until December 31, it was estimated today.

That the weekly average will be kept up is more than probable, judging from the valuation of permits issued during the past few weeks. During the past week the valuation given in permits issued was \$23,510. During the previous week the amount was approximately \$57,000, and during the week before that it was approximately \$25,000.

Last week's building permits brought the total for 1920 to \$18,443,375. Of the total number of permits issued, 322 were for new dwellings. Permits to build, alter or repair were issued to the following during the past week:

Mary E. Steenburg, garage, 1502 W. Fourth, \$125.

Noble Watts, dwelling, 411 Orange avenue, \$4500. Geo. Rosemeyer, contractor.

Mrs. J. R. Paine, Jr., dwelling and garage, 325 South Garney, \$4,000. Geo. Rosemeyer, contractor.

Roy Russell, dwelling, 334 So. Garney, \$3900. Geo. Rosemeyer, contractor.

M. W. Bray, dwelling, 201 W. Third, \$800.

G. E. Leatherwood, garage-dwelling, 1940 W. Fifth, \$500.

W. Russell, dwelling, 626 E. Third, \$600. A. E. Bird, builder.

A. E. Wickhorst, alter and repair dwelling, 114 Cypress Ave., \$2,000.

H. G. Meyer, alter room to garage, 610 W. Sixth, \$125.

G. M. Furman, garage, 1219 W. Third, \$75.00.

Henry Ferris, box dwelling, 1215 W. Third, \$150.

John Holt, garage-dwelling, 714 E. Chestnut, \$400.

J. N. Naisb, alter and repair house and build garage, 1408 N. Broadway, \$250.

Geo. A. Barrows, dwelling and garage, 611 W. Bishop, \$2800. Geo. A. Barrows, builder.

Geo. A. Barrows, double garage, 502 S. Van Ness, \$400.

J. E. Erwin, dwelling, 618 Garfield, \$400. E. J. Cumming, builder.

F. M. Young, alter to dwelling, 601 Cypress, \$450.

F. B. Niles, dwelling, 417 So. Santa Fe Ave., \$150.

J. P. King, alter and repair dwelling, 1121 N. Syracuse, \$2,000.

Dickey and Baggerly Furniture

(Continued on page ten)

Big Gains Being Made
In Post Office
Receipts—Overshiner

Postmaster C. D. Overshiner has given out figures showing postoffice receipts for the quarter ending September 30 made a substantial gain over the preceding quarter. The receipts during the three months ending September 30 were \$16,661.38. This was an increase of \$382 over the preceding quarter.

"The third quarter is usually the dullest," said Overshiner. "The office is growing rapidly. The parcel post and C. O. D. business are growing wonderfully. Every quarter for the past six years shows a slight increase over the same quarter for the preceding year."

Overshiner predicted that the last quarter of this year would show an increase of from three to four thousand dollars over the returns of the third quarter. He estimated that the receipts for this period would be in the neighborhood of \$20,000.

NEED OF NURSES IN
PUBLIC HEALTH WORK

WASHINGTON, Nov. 4.—The U. S. Public Health Service needs hundreds of graduate nurses for its general hospital work but also and particularly for the care of former soldiers suffering from nervous and mental disorders. So great is its need for the latter class that it is probable that at present enough trained nurses are not available in the country. The Public Health Service accordingly purposes to establish a training school for nursing in neuro-psychiatric diseases in its special hospital (No. 49) on Gray's Ferry Road, near Philadelphia, where nurses with general training may take a special course in this class of work. This hospital has a capacity of 240 patients and will afford exceptional opportunities for instruction in the most modern treatment.

An appeal is made to nurses to come forward for this work; for if they do not do so there seems to be no one to take their place. The hospitals now operated by the U. S. Public Health Service are already 150 nurses short, and the service faces the necessity of opening several new ones with an inadequate force. Applications should be made to the Surgeon General, U. S. Public Health Service, Washington, D. C.

WAR ON SPEEDERS

MADERA, Nov. 4.—Madera traffic officers are continuing their campaign against speeding stage drivers.

W. H. Jones of Fresno, driver of one of the stages, was arrested by Officer McCusky today. The officer said he was traveling 45 miles an hour.

DIES FROM STROKE

WHITE SULPHUR SPRINGS, W. Va., Nov. 4.—George W. Stevens, president of the Chesapeake & Ohio railroad, died here, after a paralytic stroke.

Attend the novel Birthday Sale at Leipsics starting Friday.

A Profitable Investment
in Public Utilities

\$2,500,000 Middle West Utilities Company

Fifteen-Year 8% Secured Gold Notes

Dated September 1, 1920

Due September 1, 1935

An investment in an industry that supplies the necessities of life is one of the safest investments known. Water, electricity and gas are every-day necessities. The stability of public utilities is due to the fact that they supply these every-day human needs.

The Middle West Utilities Company through its subsidiary companies, operates in fifteen states, serving 492 communities with a combined estimated population of 1,315,400. On July 31, 1920, its customers for electricity numbered 215,717; for gas, 54,699; for water 24,148—a total of 294,564 customers for these services alone.

In order to reimburse the Company's

treasury for funds used in the development of its subsidiary companies, \$2,500,000 in Fifteen-Year 8% Secured Gold Notes, Series "A", are being issued. Interest is payable without deduction for Normal Federal Income Tax, not to exceed 2%.

The earnings of the Middle West Utilities Company for the fiscal year ending April 30, 1920, show a net balance of \$2,197,617.71 available for the annual interest of \$861,110 on the company's \$2,500,000 Fifteen-Year 8% Secured Gold Notes—For a long-term investment, paying excellent dividends, these notes of the Middle West Utilities Company can be highly recommended.

(Continued from page nine)

starting a drive today for new members.

W. Frank Harris, appointed chairman of the home-products banquet committee, declined to serve on the committee, and for this reason no report from this committee was possible. Harris' successor will be named this week by President L. L. Shaw, and it is expected that active efforts to arrange for the banquet will be made before the next meeting of the board.

Following the meeting at James' the dealers went to Yost's theater for a special viewing of the moving picture presentation of scenes at Modjeska's home, made by E. W. Vochems some time ago. Those who saw the picture last night for the first time were loud in their expressions of its value as an advertisement for the county and the "Forest of Arden." The scenes are shown in the development of an interesting romance, with local people in the cast.

Among those present at the meeting beside the commissioners were: G. B. Underhill, George Huntington, L. W. Hills, H. J. Selway, W. R. Grindrod, L. B. Hill, L. L. Shaw, George C. Post, E. W. Cochems, Ira E. Leck, Fred B. Stever, L. E. Bloodgood, James M. Kittle, J. P. Hight, H. S. Elgin, A. E. Russell, J. C. Metzgar, E. A. White, Kenneth Van Slyck, J. C. Wallace, Stanley Goode, C. N. Grace, Joseph P. Smith, E. T. Easton, J. E. Lisey, W. J. Wells, L. J. Gardin, J. E. Leiby, Ed Lissdon, Horace Fine.

**WORLD OF TODAY
INDEBTED TO ANCIENTS**

NEW YORK, Nov. 4.—We have always borrowed from other ages, not only in art, but in everything else, says M. D. C. Crawford in "Asia." If every age felt compelled to be intellectually independent, civilization would be bankrupt.

We would be gibbering in tropical tree-tops instead of discussing originality in esthetic expression—perhaps to better purpose. Intellectual growth is by nature slow; no one people, no one age, adds much real advancement. It is largely a question of usage, organization, adaptation, plus a little spiritual increment of actual advancement. We are the surly heirs of the ages. The principle of the loom is thousands of years old; we have never been able to improve upon its original philosophy.

A drill used on tungsten steel in a modern mill merely demonstrates the principle of archaic fire-making devices. The horse, the sheep, the ass, the cow were tamed and bred to certain qualities which have remained constant from the time Europe and England were connected with a land bridge.

Wheat, corn, rice, barley—all our staple grains—were cultivated from wild plants, perhaps 20,000 years before Burbank was born. And cotton, flax, wool and silk have a history so ancient that the cuneiform inscriptions of Babylon appear by contrast matters of recent date. Many designs, among others the miscegenated Creek fret, go back to an antiquity almost as venerable. Practically every construction in modern fabrics can be traced to prehistoric technique, back of which lie the twilight ages of basketry. Of course, we have borrowed, and will continue to borrow. Civilization is but the material result of the inquisitive, appraising and acquisitive mind. A copyright law does not exist in archaeology and, consequently or unconsciously, we are all practical archeologists—mute beneficiaries of the vigorous past.

**INDIGESTION
GOES, GONE!**

"Pape's Diapiesin" at once fixes Your Sour, Gassy, Acid Stomach

INDIGESTION GOES GONE ADV. Stomach acidity causes indigestion!

Food souring, gas, distress! Wonder what upset your stomach? Well, don't bother! The moment you eat a tablet or two of Pape's Diapiesin all the lumps of indigestion pain, the sourness, heartburn and belching of gases, due to acidity, vanish—truly wonderful!

Millions of people know that it is needless to be bothered with indigestion, dyspepsia or a disordered stomach. A few tablets of Pape's Diapiesin neutralize acidity and give relief at once—no waiting! Buy a box of Pape's Diapiesin now! Don't stay miserable! Try to regulate your stomach so you can eat favorite foods without causing distress. The cost is so little. The benefits so great—Adv.

REORGANIZATION OF DEMOCRATS IS PLAN

WASHINGTON, Nov. 4.—Complete reorganization of the Democratic party and failing in that the organization of an entire party will be considered at a conference of Democratic leaders opposed to the domination of President Wilson and Governor Cox, in Washington, between the 10th and 15th of November, it was learned from an authoritative source. The call was issued a week before the election.

Although William Jennings Bryan was not responsible for the call, and the success of the venture is not entirely dependent upon him, the Commoner, it was stated, will be one of the most active participants in the conference.

LIBRARY CLUB IS FORMED IN COUNTY

With the object of giving the public better service, of working out more systematic means of advertising, and of bringing books before the people, the Orange County Library club has been organized, with Miss Minnie Maxwell of Fullerton as president, and Miss Bertha Proctor, of Huntington Beach, secretary-treasurer.

The organization meeting was held in the reference room of the Fullerton library. Miss Maxwell acted as hostess. Library workers of Orange county and Whittier were present.

There were general discussion of library management and the meeting was declared a pronounced success.

Whittier librarians were invited, owing to that city's proximity to Orange county. It was decided to hold meetings quarterly, with the understanding that more frequent meetings will be held if thought best.

The next meeting will be held at Whittier, with Miss Jessie Harris as hostess.

After the business meeting the visitors were invited to Miss Maxwell's home where a delicious luncheon was served by the library workers and the library board of the Fullerton Public Library.

Those present were: Miss J. E. Calnon, Miss F. A. Sverdrup, Anaheim; Miss Clara C. Field, Mrs. Field, Miss Flora M. Palmer, Orange; Miss Jeannette McFadden, Santa Ana; Miss Bertha Proctor, Miss Myrtle Brown, Huntington Beach; Miss Jessie Harris, Miss L. E. Morgan, Whittier; Mrs. Dool, Yorba Linda; Miss Nell Bate, Fullerton High School; Miss Rumsey, Anaheim High School; Miss Mary Harris, Santa Ana High School; Miss Margaret Guthrie, Orange High School; Mrs. Cave, Santa Ana; Miss Keeler, Miss Campbell, Mrs. Shepherd, Miss McDermott, Mrs. Sheppard, Mrs. Gentry, Mrs. Daniels and hostess, Miss Minnie Maxwell, of Fullerton.

**PIONEER'S FUNERAL
HELD IN SANTA ANA**

At the Mills and Winbiger Mission Funeral Home, services were held yesterday at 2 o'clock for Joseph Ferguson of Balboa. Mr. Ferguson passed away November 1 at his Balboa residence after an illness of several months.

There are few men still living in Orange county who witnessed its remarkable growth and development more directly than did Mr. Ferguson and especially is this true of the coast sections. When the coast development first began to attract attention years ago, Mr. Ferguson found that his former investment in the sand strip with its ocean and bay frontage extending from Newport Beach to the bay entrance at the Palisades was destined to become one of the leading summer resorts of Southern California as well as an important factor in the commercial development of Orange county's coast. A number of years ago he sold the ground upon which Balboa is located, but he still retained large holdings below Balboa.

Several months ago his health necessitated his retirement from active life and after a gradual decline he passed peacefully away on Monday morning, leaving a wife, Mrs. Edna R. Ferguson and a young son, Joseph Ferguson, Jr.

Mr. Ferguson was prominent in Masonic circles, being a member of Santa Ana lodge. He was a Knight Templar, a Shriner and a past patron of Huntington Beach chapter of the Eastern Star. The Masonic burial service was given at the grave, while the Knights Templar acted as escort. The bearers were W. B. Williams, F. W. Harding, George Balderston, Robert Smith, G. P. Hill and Asa Hoffman.

The impressive Episcopal service was read by Rev. W. V. H. Best, Mrs. H. M. Sammis sang "Homeland" and "O Love that will not let me go."

Interment was made in beautiful Fairhaven cemetery.

**BOY ADMITS SENDING
'BLACKMAIL' LETTER**

FRESNO, Nov. 4.—Accepting the recommendations of the probation officer that the act was a "crazy" adventurous prank, Judge H. Z. Austin placed nineteen-year-old Clark de Hart of Laton on probation for two years, following his entering a plea of guilty to sending a threatening letter to R. H. Phillips, a Laton merchant. The letter demanded that Phillips deposit \$500 at a schoolhouse, and threatened to burn his store if he refused. It follows:

"If \$500 is not left under the steps of the Grant's little schoolhouse Saturday at 9 o'clock your store will be burned soon. Make no effort to find the door or your life will be taken. All in \$20 bills."

"THREE BLACKMAILERS."

Beginners' class meets Monday and Thursday at 7 p. m., at home of Mrs. Olive Lopez, 519 West Fifth. Terms \$4 for eight lessons, in advance.

Taylor's Public Cold Storage for fruits and vegetables. 1644 E. Fourth street. Phone 14.

PRESBYTERIANS VICTORIOUS IN TITLE RACE

United Presbyterians were happy today as a result of the victory over the Evangelicals in an eleven inning game of indoor baseball last night. The game was a veritable tug of war, swinging first to one side and then to the other. The Presbyterians by an eleven inning rally ran in five runs and annexed the game and the series.

All teams in the league are unanimous in the opinion that the series was justly and fairly won by the U. P. team. They feel that there is not a better team in the city and are glad that the Presbyterians are to represent Santa Ana in games with out of town teams.

The Sunday school league was established and promoted to furnish a clean type of ball. As an example of this type of spirit the Presbyterians are said to be the rightful victors.

"Our congratulations go out to them and our best wishes for further successes are with them," said the Evangelicals, "and our support goes with them also that they may continue to show that right wins out and thus exemplify the spirit of our Sunday school athletic contests."

Parents and friends of members of the team are justly proud of the team and its players. Through the past season of the league other teams can get a bigger vision of inter-Sunday school athletic relations.

MEMORIAL TABLET PLACED IN CHURCH

The bronze tablet in memory of Sergeant Nat Rochester, who was killed in the historic stand of the Lost Battalion in the Argonne Forest, was placed in the Church of the Messiah this morning. It is to be unveiled with ceremonies at 11 o'clock Sunday morning. Rt. Rev. Bishop J. H. Johnson is to be present.

Col. Nelson M. Holderman, who captained one of the companies in the Lost Battalion, and who won a Distinguished Service Cross and a Croix de Guerre as the result of his conduct during the siege of the battalion, is to deliver an address during the ceremonies.

Rev. W. L. H. Benton, rector of the Church of the Messiah, of which church Sergt. Rochester was a member, stated today that the program for the unveiling of the tablet will open with a prayer of commemoration. The tablet will be unveiled by J. H. Rochester of Costa Mesa, father of Nat. Following the dedication will come Col. Holderman's address. The regular communion services of the church will follow the ceremonies of unveiling.

**PACIFIC FLEET HAS
LARGEST NAVY MASCOT**

SEATTLE, Wash., Nov. 4.—Admiral Hugh Rodman is soon to lose the distinction of being the biggest sailor in the Pacific fleet.

As soon as the Pyro, the new naval ammunition ship now preparing to put to sea at Bremerton, joins the fleet the admiral's laurels will go, for one of the members of the Pyro's crew tips the scales at 276 pounds, just noising out the fleet commander.

The coquettish one is neither officer nor enlisted man, but the ship's mascot, Commodore, a two-year-old Newfoundland dog, owned by Lieutenant F. F. Sale.

Commodore's mother, Queen, of New York, is said to be the heaviest female Newfoundland in the United States, and his father was a brother of Big Ben, who weighed nearly 300 pounds.

**BRITISH SOLDIERS
TO WEAR RED COATS**

LONDON, Nov. 4.—A somewhat heated controversy has grown out of War Secretary Churchill's proposition approved by the cabinet, to return to pre-war clothing for the army, the Territorials and the Reserve, so far as concerns full dress uniforms and walking out dress. Advocates of the measure are tired of seeing the dull khaki costumes. Opponents complain that the change will cost \$15,000,000.

**How to Tint Your
Gray Hair at Home**

If your hair is graying or is faded and streaked, do not let it become any more unattractive. No matter whether its original youthful color was golden or black, or any shade of brown, all you need is a bottle of Brownatone to instantly restore its beauty in a manner that defies detection. This famous

preparation is as simple and easy to use as manicuring your nails.

Every package of Brownatone contains full, simple directions for working its magic on gray, faded or streaked hair. Guaranteed absolutely harmless at all leading druggists in 50c and \$1.50 packages. Two colors: "Light to Medium Brown" and "Dark Brown to Black." Send to The Kenton Pharmaceutical Co., 538 Coppin Bldg., Covington, Ky., enclosing 11 cents to pay postage, packing and war tax for a free trial package of Brownatone.

Carlsbad-By-The-Sea

CARLSBAD Peas are now coming on the market! This is our second crop for the year, a highly profitable crop of Kentucky Wonder String Beans having been harvested during the Spring of the year.

Early next week the Carlsbad Growers Association will begin shipping carloads of peas to eastern cities, where they sell at prices that make pea growing at CARLSBAD one of the most highly profitable crops in California.

If you are in the market for a ranch of from one to forty acres, where climatic and living conditions are the best, and where, by careful and consistent effort you can earn very large profits, arrange with us to investigate CARLSBAD. We want you to see this land now, while the crops are being harvested, so that you can see for yourself what rich soil, ample water, and the wonderful Carlsbad climate does toward making money for our ranchers.

FOR FURTHER INFORMATION, ETC., CALL ON OR WRITE,

SHOPPERS BEGIN BUYING FOODS FOR YULETIDE

GOING TO ASIA SEEKING FOSSIL

Now that Halloween is past, the social life of Santa Ana has become somewhat inactive, the reason advanced by many being that the women of the city have begun to look forward to and plan for the Christmas season.

Many of them have already begun their Christmas sewing, and it is likely that most of the social activities from now on will be of the quiet sort with needlework as the chief diversion.

In the shops there is that atmosphere of unrest that is the forerunner of the gorgeous displays of Yuletide.

One window is already in evidence. It is literally filled with dolls of all sizes — "mama" dolls, walking dolls, baby dolls with short hair and saucy faces, little-girl dolls with long curls—blondes, brunettes, and those of medium complexion—all are to be seen sitting in chairs, swings, upon pedestals, in life-like posture, looking very much like a window full of children in play. This window is attracting great attention and is said to be by far the best line of dolls ever shown in Santa Ana, the variety being so great.

Strange as it may seem, there is a total absence of German dolls, or of any dolls of foreign make in the local shops. It seems that during the war, America learned to rely on itself in the production of toys and sees no reason for abandoning the field. The walking dolls, which are altogether new, are manufactured by the Amberg company in New York, and another doll, the "Victory" doll, is made by the same firm. Another, equally as popular, is put out by the Averill people in New York.

Few Warlike Toys.
No doubt, there will be everything for the kiddies this year that their little hearts could desire save implements of warfare. The cannon, the machine gun, the tank, the Big Bertha, the battleship and the torpedo have disappeared from the collections being displayed and nearly everything now reflects peace and industry.

Both wooden and metal toys abound. About everything that goes on wheels will be popular. Wagons, velocipedes, automobiles, sukkies, kiddy cars and the metal toys that go with wheels will no doubt appear. Complete machine shops, carpenter outfits, wireless telegraph outfits, railroad trains, and locomotives run on tracks by electricity, electric lighting plants, telephones, mills, dredges, great cranes and other mechanical toys have taken the place of the war toys and the minds of the children are being directed in paths of peace instead of ways of war.

Beautiful household goods for doll houses may be had at the local furniture stores. Tricycles, hoops, jump ropes and other girl toys and playthings are now being shown at local sporting goods places.

Mechanically Bent.
Discussing the tendencies of the day the manager of a toy department of one of the big stores said today that it was wonderful the manner in which boys' minds have turned to mechanical toys. They stump him, he confesses, in the demands they make for electrical and mechanical contrivances and they talk about them with all the knowledge of elders. He says he is selling many electrical devices and the lads know how to rig them and repair them when necessary. He thinks the schools are doing a fine thing in turning the minds of the children into these useful channels and he thinks in a few years play toys will be in the minority and mechanical toys all the rage.

Christmas shopping has begun, it was stated at the toy stores, and shrewd buyers are getting the pick of the season's offerings. The lines are as yet hardly broken but each day sees more and more purchases being made and with the election out of the way a regular rush of Christmas is anticipated by the storekeepers.

At 7½ cents per mile, 5 people can travel for less than bus, train or street car fare, not to say anything about the added convenience and comfort in going and coming when and where others don't go. When taking your next day's outing, remember Copson rents cars without drivers.

JUST TICKLE HIS TOE

"The Greek king who died from a monkey bite didn't know how to treat his pet monkey. Note how calm and contented this orang-outang looks beside the little boy. The boy is pleasing the animal by tickling his toe. That's the way to please 'em, says the keeper of the Washington, D. C., zoo, where this orang has just come to board."

tions on behalf of Swedish institutions and has made some remarkable discoveries. Dr. Anderson is practically the first scientist who has ever collected fossils personally in China.

When the expedition has been completed, its sponsors will agree to deposit in Peking a duplicate set of the collections, which will form the basis of the Chinese museum of natural history. The proposed institution will then have a valuable nucleus of specimens for exhibition and study and a staff of expert Chinese to carry on the work. It will remain for the government to set aside a suitable building where the collections can be housed.

The third Asiatic expedition, with its rich possibilities for making important discoveries in the departments of paleontology, archaeology, zoology, anthropology and geography, is destined to increase the prestige of the United States in the world of science. The American

scientists who will promote the advancement of Chinese science will co-operate with the Chinese in an entirely new field. Americans, with far-seeing idealism will welcome an alliance of this kind, tending to cement the friendly relations that already exist between the two great republics of the east and the west. They will wish to insure the possibility of making the third Asiatic expedition the greatest expedition ever sent out to increase the wealth of human knowledge.

Knauf and Faul, pioneer barbers, have opened handsome tonsorial parlors in Room 236, W. H. Spurgeon building; elevator and stairway entrance, and are now ready for business. Three barbers and manicure service.

Our Birthday Sale starts Friday. Most important sale of the kind we have ever held. Leipsics.

SAVAGES FIRST TO MAKE USE OF RUBBER

NEW YORK, Nov. 4.—Knowledge of rubber is as old as knowledge of our country, for history records that Columbus, upon his second voyage, found the inhabitants in Hayti playing games with balls of rubber, thus forming an interesting association between the discovery of America and the crude material which eventually was to prove one of the great bases of industry in this country, says a writer in Leslie's. It also is recorded that shoes were made out of rubber three centuries ago, and that the Spaniards used it to smear their cloaks as a water resistant; that Father Charlevoix, the famous French Jesuit, in his travels, learned of and described the bouncing of a rubber ball.

Other French and Spanish explorers noted the peculiar properties of rubber. La Condamine in 1736

called it caoutchouc, by which name it is known in France today. Later Priestly, the English chemist, found that this elastic material could be used to erase pencil marks, whereupon he gave it the name by which it has gone—rubber.

Charles Macintosh, a Scotch scientist, discovered that rubber was soluble in naphtha, and used the solution to spread between two layers of cloth to make a waterproof material.

The progress of rubber in manufacture was delayed because of the inherent difficulty caused by the softening and tackiness in summer and the hardening or cracking of the material in winter, and it is to the work of Charles Goodyear that we owe the process which overcame these obstacles and made possible the rubber manufacturing industry of today.

After years of patient investigation, great personal sacrifices, and disheartening failures, which brought out noble qualities of heart

and revealed a mind of integrity, he, while conducting some experiments in Woburn, Mass., on a mixture of rubber and sulphur, carefully brought the compound in contact with a hot stove. To his amazement the rubber charred instead of melting, and thus in 1839 the process of vulcanizing, the curing of rubber, was discovered. The process was perfected some time later.

Based on the invention of Goodyear, the rubber manufacturing industry has become one of the largest trades in the country, with an annual turnover of \$1,200,000,000.

Direct route to Los Angeles via Motor Transit Lines leaving the depot at 5th and Sycamore street on half hourly schedule every day. The quickest route to Anaheim or Fullerton.

Beginning tomorrow, Friday, you'll see many wonderful offerings in Leipsics Birthday Sale. Let's be there.

IMPERIAL VALLEY

A New Money-Making Opportunity

Alfalfa Produces 7 to 9 Cuttings Annually. Over 100,000 Acres (Estimated) in Alfalfa This Year.

Expired Lease

Why it means big Profits to you

Improved Lands With Water—Easy Terms

Recently the lease to Balfour, Guthrie & Co. on several thousand acres of our choice land expired. This selected acreage is available for immediate sale.

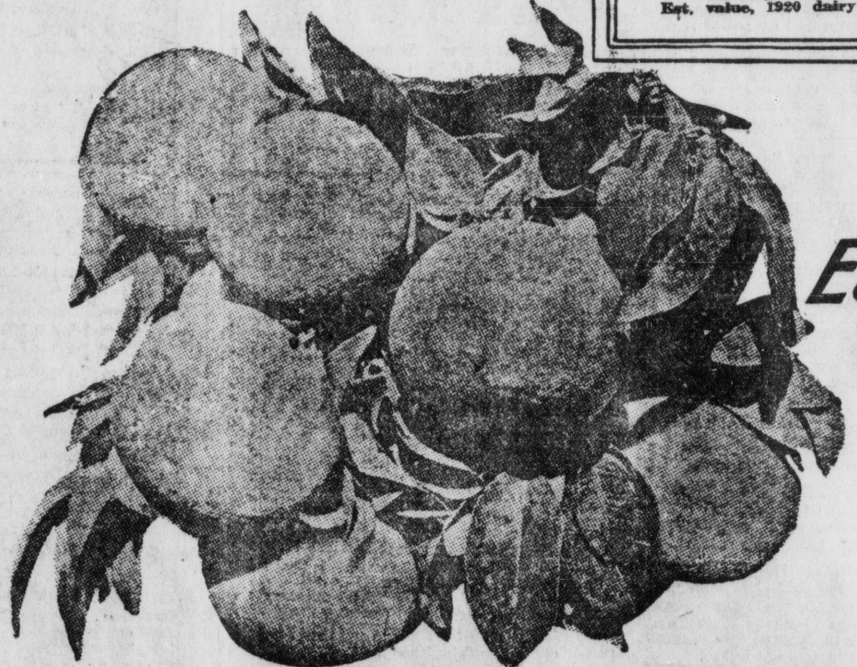

Cultivated for five years and enriched by the silt deposits of many irrigations, this wonderful soil is ready NOW to produce big crops for YOU. THINK OF IT! Here is your chance to buy improved irrigated land at a remarkably low price, on easy terms. MANY OF OUR FARMERS HAVE REALIZED THE ENTIRE COST OF THEIR LAND FROM ONE YEAR'S CROPS.

Tremendous Production

Investigation will convince you that Imperial Valley land returns greater profits on the investment than any other farm land available today.

ALL IMPERIAL VALLEY PRODUCTS EXCEL IN YIELD, QUALITY, EARLY MATURITY AND PRICE.

Our farmers have succeeded. They are making money fast. Go with us to the Calipatria-Niland district and see for yourself.

A Cluster of Imperial Valley Grapefruit. "Sweetest and Best"

Read what this successful farmer did:

M. J. Martensen came to Calipatria five years ago. He commenced farming as a renter and soon was able to buy a small acreage of our land. Now he owns about 500 acres, and is a stockholder in the bank where he borrowed a few hundred dollars to make his start. "I know of no other farming district in the world," says Mr. Martensen, "where crops are so big, so sure and so profitable."

In Wonderful Imperial Valley

Alfalfa produces 8 to 12 tons per acre, and also affords winter pasture.

From 18 to 30 sacks of barley and a ton of milo maize are grown on the same land in one year.

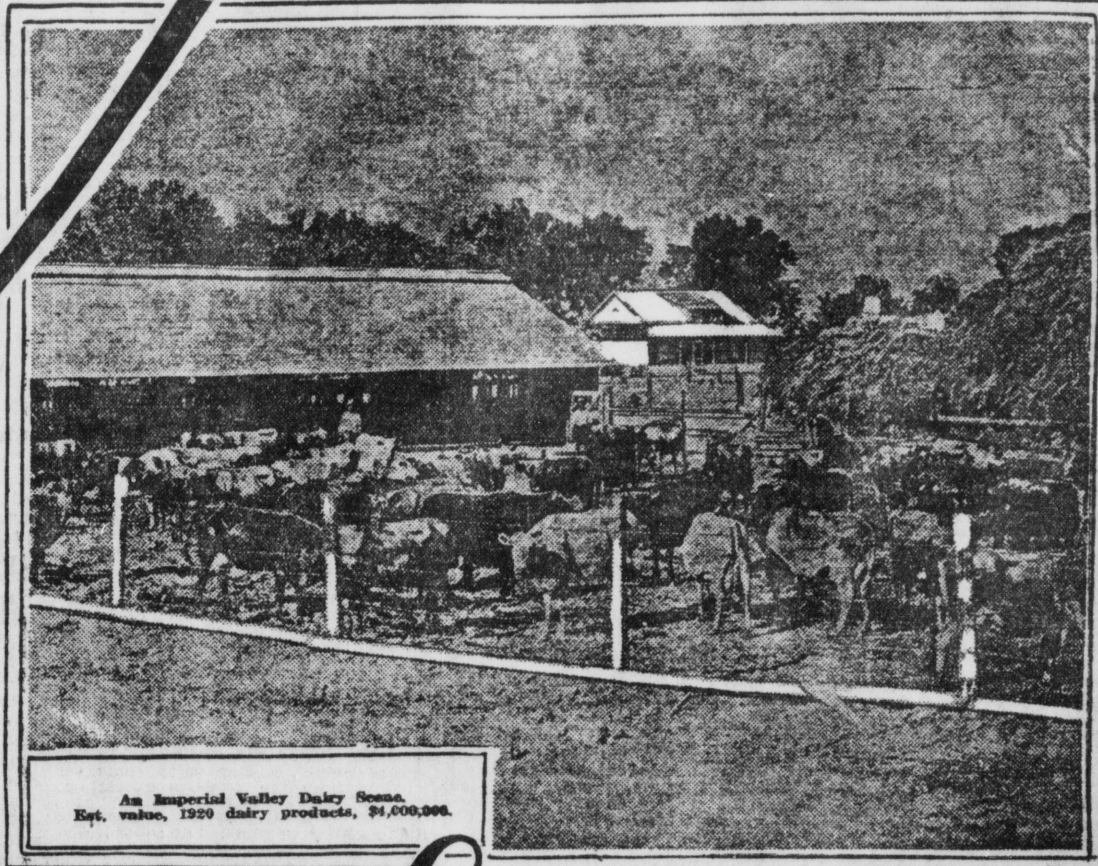

Dairying is so profitable that Imperial County ranks second in production in California.

The earliest table grapes and most luscious grapefruit are grown. Cotton yields ¾ to 1½ bales per acre.

Over \$15,000,000 worth of cantaloupes, winter lettuce and other early vegetables are produced annually.

A deep silt soil, irrigating water from the Colorado River, and sunshine 365 days a year, combine to produce gigantic yields.

MANY OF OUR FARMERS IN THE CALIPATRIA-NILAND DISTRICT HAVE ACHIEVED FINANCIAL INDEPENDENCE IN LESS THAN 5 YEARS

An Imperial Valley Dairy Scene. Est. value, 1920 dairy products, \$1,600,000.

Low Prices

Easy Terms - Water for every acre.

We Offer IMPROVED LANDS for Only

\$150 to \$225 an acre

(Including Water Stock)

Unimproved land, with water, as low as \$100 an acre. We have land adapted to alfalfa and grain production, livestock and general farming, cotton, grapes, grapefruit, winter vegetables and all of the many crops for which Imperial Valley is famed.

Part of Our Million-Dollar Irrigation System. Water from the Mighty Colorado.

Estimated Value of 1920 Cotton Crop, \$30,000,000. (One of the few favored long-staple districts.)

DAILY MARKET REPORT

LOS ANGELES, Nov. 4.—The demand for all lines of fruits and vegetables is active on the local produce market and prices were for the most part steady and unchanged at the level of the preceding day. Arrivals from the country were moderate, as were also those by rail, with the result that the greatest part of the offerings were readily absorbed by the trade. Cauliflower, however, again weakened, selling to retailers as low as 30 cents per crate, with the best stock bringing \$1.10 per field crate, a drop of 15 cents for all grades. Supplies yesterday were very heavy and there was practically no demand for this commodity in the shipping market on account of the low eastern quotations. Potatoes were also slightly lower, the bulk of the stock selling at 32 per hundredweight, a drop of 2 cents per hundred from the previous quotations. Some of the extra fancy stock was bringing as high as \$2.50 per sack, but the majority of the sales were transacted at the lower level.	
Prices for tomatoes to retailers held firm at Tuesday's level, but a stronger tone developed for this commodity in the shipping market, where the buying demand was very brisk.	
(Corrected Daily from Los Angeles)	
EGGS—Fresh extra produce exchange closing price, 75c dozen, case count, 75c per dozen; pullets, 70c.	
APPLES—Eunabel boxes in deluere, fancy, 4-tier, 1.50@1.60, 4 1/2-tier, 1.50@1.60; Jonathans, fancy, 3.00@3.75.

RESOLUTION OF INTENTION

A Resolution by the Board of Trustees of the City of Santa Ana, declaring its intention to change and re-establish the grade of certain streets in the Main Street, a public street in the City of Santa Ana, directing the posting and publication of this Resolution, and the posting and publication of notice, and designating a newspaper in which such publication shall be made.

SECTION 1

The Board of Trustees of the City of Santa Ana hereby declare its intention to order the following change of grade to be made, to-wit: change and re-establish the grade of North Main Street, a public street in the City of Santa Ana, from the center line of East First Street, also a public street therein, thence along North Main Street northerly to the northerly exterior boundary line of the city of Santa Ana, which exterior boundary line intersects North Main Street, so that instead of the present and now existing grade on North Main Street the official grade, when changed, will and shall conform to the elevations hereinafter stated.

tances between designated points at which the elevations are stated and given are to be measured along the center line of the street unless otherwise specifically herein provided.

SECTION 2

This Resolution of Intention shall be the City Council of the City of Santa Ana, which shall be taken under and in conformity with the provisions of the "Change of Grade Act of 1909."

Co-Lo
Beautifies Gray Hair
Gray and faded hair can now be restored to its natural beauty in a manner nature approves—with Co-Lo Hair Restorer.

Co-Lo restores the original color, life and lustre to gray hair—a scientific process perfected by Prof. John H. Austin of Chicago, over 40 years a hair and scalp specialist.

The Ten Co-Lo Secrets
1. Co-Lo is a wonderful liquid.
2. Clear, colorless, greaseless.
3. Without lead or sulphur.
4. Hasn't a particle of sediment.
5. Will not wash or rub off.
6. Will not injure hair or scalp.
7. Pleasant and simple to apply.
8. Cannot be detected like the ordinary hair tints and dyes.
9. Will not cause the hair to split or break.
10. Co-Lo can be had for every natural shade of hair.

EASE THOSE TIRED, ACHING MUSCLES

Outdoor and indoor workers, subject to exposure or heavy toil, find relief in Sloan's Liniment

BEEN at work all day, standing on your feet, lifting heavy weights? And now you're all tired out. Never mind, if you are wise you have a bottle of Sloan's on the shelf, at home or in the shop. Put a little on, without rubbing, and quickly comes grateful warmth and relief.

Good for rheumatic pains, neuralgia, sciatica, lumbago and the host of external pains that are all the time coming. Helps break up colds, too.

It's comforting to keep it handy. Three sizes—35c, 70c, \$1.40.

Sloan's Liniment (Pain's enemy)

News from Orange County Towns

VILLA PARK CENTER HOLDS BIG MEETING

VILLA PARK, Nov. 4.—Thursday evening the Farm Center met at the Hall and as the President, W. W. Perry, was absent, Mr. Callwell was elected to act as chairman. The evening was given over to Attorney Stanley M. Reinhaus who gave a brief explanation of each of the 20 Amendments on the ballot and time was given for a discussion of each one before going on to the next one. There was a very good attendance out, quite a number of ladies.

Friday evening Mrs. W. L. Adams entertained with a Halloween party in honor of her daughter, Wilma. Those present were classmates and friends and they spent a most enjoyable time playing games, bobbing for apples and other Halloween games. The house was prettily decorated with white, black, and orange.

The hostess served her daughter's guests with refreshments of popcorn balls, peanuts and pumpkin pie.

The rain that fell on Friday night was so heavy that Santiago creek was running almost as much water as it did at any time last winter and continued to do so all day Saturday. This is quite unusual for this time of the year.

Mr. and Mrs. Vern Barger of Hemet, who were here on business, returned to their home, Friday afternoon.

Miss Jessie Holditch was a dinner guest of Miss Nellie Adams on Friday evening.

Workmen are busy making preparations to move the Villa Park store a short distance as it is in the way of the boulevard that is to be put in on Wanda Road.

Linn O. Hanselman was called to Compton on business on Saturday evening. He returned on Sunday evening and while away his wife and baby stayed with her parents, Mr. and Mrs. A. S. Adams.

Mr. and Mrs. J. M. Gillogly and children drove down to San Juan Capistrano on Saturday intending to visit with Mr. and Mrs. Frank Lord, who had been staying at the Hot Springs, but met them on their way home so all returned together.

Mrs. F. J. Dettenhaler, of Hollywood, came down Saturday to spend a few days with her daughter, Mrs. W. J. Rasch.

William Bathgate of Laguna Beach was up and spent some time with his parents on Sunday.

Mr. and Mrs. A. S. Adams, Mrs. Mary Head and Mrs. Linn O. Hanselman and baby were visitors in Laguna Beach on Sunday.

Mr. and Mrs. Don Winton and Mr. and Mrs. D. C. Cook of Los Angeles were callers on Sunday at the Walter Rasch home.

Mr. and Mrs. Roy Warren and son Jimmy were visitors at Van Nuys and Los Angeles Sunday.

Mr. and Mrs. C. A. Knuth and daughters Marie and Charlotte, spent Sunday at Glenn Ivy.

Mr. and Mrs. J. M. Gillogly and children drove up to Los Angeles by way of Downey, returning through Montebello, on Sunday.

Miss Gladys Newcomb who has been at Catalina all summer is spending some time with her parents, Mr. and Mrs. Chas. Newcomb.

The Sunday morning church service was a real treat to all who enjoy good music. The service drew a very good attendance from Villa Park besides guests from Orange and Santa Ana who were acquainted with some of the Pasadena musicians. After the service a picnic dinner was enjoyed by the pastor and his wife and his guests from Pasadena who were Mr. and Mrs. Revel English, Mr. and Mrs. J. R. Bragdon, Mr. and Mrs. Roy Davis and Mr. and Mrs. Lute.

The Santa Ana guests at the Sunday morning service were Mrs. True, Mrs. Campan and Miss Ware and Mrs. J. E. Parker of Orange.

Messrs. Karl Rasch and Matt Cumberworth of Santa Ana and Will Holditch and Bronson Holditch of Villa Park spent Sunday in Los Angeles and Long Beach.

The Villa Park Orchards Association finished up the season's pack of Valencia on Tuesday with a total of 290 cars shipped during the season. On Monday evening the directors of the association gave the employees a farewell dinner and social time at the hall, which had been decorated for the occasion. Oranges and Black crepe paper was used very effectively. By, with red, yellow and white Chrysanthemums and six large grinning pumpkin faces were placed on the front of the stage. In all 64 enjoyed the dinner of tamales, ham sandwiches, pickles, cheese, pumpkin pie and coffee. After dinner speeches were made by each director, the manager and some others. After that the rest of the evening was spent in bobbing for apples and dancing. Music was furnished by Misses Hill of Santa Ana. The party broke up about midnight after spending a very happy evening.

Frank H. Collins, who was house foreman at the Orchards Association packing house, left on Tuesday with his wife and daughter Virginia for Terra Bella. He will have charge of a house there, packing Navel oranges. He will be away two months. He takes part of his crew of packers and house men with him. Mr. and Mrs. Collins are driving up in their auto and while they are away Mr. and Mrs. Hanselman will occupy their house.

Will Collar had his hand badly crushed, Tuesday, while at work at the Orange House.

JAPANESE WOMEN IN GOVERNMENT OFFICES

TOKIO, Nov. 4.—Two women graduates of American colleges were added recently to the female forces in responsible government service, when Miss Uabeko Amakasu and Miss Fukuko Hayashi were appointed to serve in the social service bureau newly created in the Home Office.

Mr. Tago, the chief of the bureau, says the women can pay more minute attention to the details of arrangement than men can.

Miss Amakasu is a graduate of Vassar and Miss Hayashi of the University of Minnesota.

MINERS STRIKE HARD LUCK IN AUTO SMASH

ORANGE, Nov. 4.—Thomas Johnson and Robert Carpenter, workmen at the Silverado mine, played an important part in an auto smash on East Chapman avenue near Cleveland street Monday evening.

The men had started for the mine at about 7 o'clock, but their journey came to an abrupt end when their gas buggy rammed into a machine owned by Ben Mayginnis. The machine was standing on East Chapman in front of the Mayginnis residence.

The unfortunate navigators piled out immediately and were attempting settlement with Mayginnis when officers arrived on the scene. Johnson's car came out of the mixup with a badly smashed radiator. The front axle and wheel were driven beneath the car by the force of the impact.

No action was filed against the men after it was understood that Johnson would absorb all damages to the Mayginnis car.

TEACHERS HOSTS TO OCEANVIEW PUPILS

WINTERSBURG, Nov. 4.—Oceanview school children enjoyed a jolly Halloween party, Friday evening at the school house as guests of the teachers. Ghosts and witches added to the enjoyment and many Halloween games were played. Refreshments suggestive of the occasion were served to the seventy-five guests present.

All crops in this section have been harvested and many farmers are now busy ploughing.

Mr. and Mrs. A. H. Moore left Wednesday by auto on a trip to the northern part of the state. They will visit Ray Shaffer at Davis, and the Bloomer family on Berkeley Island, and the E. G. Thompsons at Freuger. Mrs. Waters, mother of Mrs. Crane, will accompany the Moore's. The party expects to be gone about two weeks.

Mr. and Mrs. C. C. Bonebrake and children and Mrs. A. L. Bonebrake were Sunday dinner guests with the G. G. Richards family in Orange.

Mr. and Mrs. E. A. Huff and daughter of Los Angeles were Sunday guests at the E. M. Fox home.

R. J. Morgan is plowing with his new Wallis tractor which he purchased recently.

Mr. and Mrs. Ferrish and children of Los Angeles and Mr. and Mrs. Diller and children of Watts, were Sunday guests at the Albert Ruoff home.

The ladies of the missionary society of the Wintersburg M. E. church held an all-day meeting Wednesday at the home of Mrs. Horace Moore. A pleasant day was spent by those present and several garments were completed for the David and Margaret Home at Lordsburg.

Mr. and Mrs. Geo. Crane and daughters Mary and Florete, and son, S. J. Crane and Mr. and Mrs. Chas. Graham, motored to Pomona Sunday, where they were guests of the John and Ray Hamilton families.

Mr. and Mrs. Chas. Johnston and family who live near Orange County park were Sunday visitors at the Elmer Gothard home.

Miss Ethel Eastham spent the election holiday at her home in Orange.

Mr. and Mrs. Ed Moore and son, Norman and Miss Lorena Lynt, of Santa Ana, were Sunday dinner guests at the home of Ray Moore.

Mr. and Mrs. Raymond Beam, entertainer of Mrs. Beam's parents, Mr. and Mrs. J. A. Mundy of Smetzer, Sunday.

Mrs. A. L. Bonebrake is spending the week in Santa Ana.

Mr. and Mrs. C. E. Pratt and daughter, Thelma, were dinner guests Sunday at Rev. Willmarth's.

BOY GETS \$500 FOR RIDE THROUGH PIPE

LOS ANGELES, Nov. 4.—Robert Andrews, aged 8, got \$500 for a 300-foot ride through a drain pipe beneath the briny deep.

Robert, some months ago, was swimming in the plunge at Redondo, when the drain pipe was opened and the boy was sucked in. He was carried 200 feet through the pipe, out into the ocean, and escaped without fatal injury. Suit in his behalf was brought for \$2000 against the Pacific Electric Railway Company, owners of the tank. When the case was called for trial before Judge York, it was stated it had been settled out of court for \$500.

CHINESE USE HAMS TO SMUGGLE OPIUM

SHANGHAI, Nov. 4.—Probably the most novel of the many queer methods employed to smuggle opium and narcotic drugs into the International Settlement of Shanghai was brought to light recently when customs officers seized about 200 pounds of prepared opium that had been packed into the hollowed-out ham bones of a shipment of 350 hams that arrived as part of a ship's cargo.

PLAN NEW BLYTHE ROAD. BLYTHE, Nov. 4.—Rev. John Gabrielson of Blythe, Methodist minister, secretary of the Chamber of Commerce, and all round community booster, was for a large campaign day stirring up interest in the movement for Federal aid for a highway to the coast. He brings with him a map that serves as a graphic argument in favor of the routing of that road from Phoenix to Los Angeles by Blythe and Mecca.

There will be a conference on this highway project at Phoenix next month and the Palo Verde Valley people urge that Riverside be represented at this gathering. The Thompson bill now before Congress, provides for Federal aid for a highway to the coast.

Stages hourly to San Diego via the Motor Transit Lines. Depot 5th and Sycamore street. Lv. 8:25 a. m., 9:25 a. m., 10:25 a. m., 11:25 a. m., 12:25 p. m., 2:25 p. m., 3:55 p. m., 4:25 p. m., 6:55 p. m., 8:25 p. m.

HAND BONES BROKE IN PRACTICE GAME

GARDEN GROVE, Nov. 4.—Monday afternoon in a practice game of football at the Santa Ana high school, Ted Coffman, son of Mr. and Mrs. A. B. Coffman, who live two and one half miles north of Garden Grove, had the misfortune to have his right hand stepped on and five bones broken. Two weeks ago when S. A. played U. S. C. his hand was hurt and had caused him much pain but he thought it had come to have a doctor. Monday he had the bones set but will be unable to play any more this season.

Miss Jennie Hedstrom's young people's class of the Baptist church had a masquerade party at the home of Mr. and Mrs. Geo. L. Boardley last Friday evening. The rooms were decorated suggestive of Halloween. Games and music were enjoyed during the evening. Refreshments of pumpkin pie, apples and doughnuts were served to about 27 young people.

Mrs. C. C. Violet went to Orange Wednesday afternoon to meet with committees from Orange and El Modena to help organize and secure the services of a community nurse.

C. A. Emerson had a very pleasant surprise when his cousin, Mr. and Mrs. W. H. Bingham and daughter, Fay, and Clarence Bingham and wife all walked in his place of business unexpectedly Wednesday.

They had motored out from Iowa Falls, Iowa, and are spending the Winter in Long Beach.

The Epworth League of the M. E. church had a masquerade social in the league room of the church Friday evening.

Wilfred O. Little son of Mr. and Mrs. H. O. Otto, has been on the sick list this week.

Mrs. Helen Ivey and baby are visiting Mr. and Mrs. Eugene Coffin while Mr. Ivey is away on a ten days' trip.

Mr. and Mrs. J. M. Chilson spent Sunday at Long Beach.

A. E. Arnold, who has been in the plumbing business here, but left for Calipatria, Imperial Valley, about Oct. first, is employed in a hardware store in Calipatria. His family will join him there this week. Mr. O. H. Pulver will move their household goods Thursday.

Mr. and Mrs. Cranston Tyler made a business trip to Los Angeles, Tuesday.

Mr. C. C. Thompson, will accompany O. H. Pulver to Calipatria, Imperial Valley, Thursday to be gone until Sunday.

Mr. and Mrs. Clarence Crosby of Balboa, formerly residents here, were visitors in Garden Grove, Wednesday.

Mr. and Mrs. B. A. Long, Mr. and Mrs. Claude Gorham and Mr. and Mrs. Albert Townsend motored to Riverside, Tuesday.

Mrs. Charles George made a business trip to Los Angeles Wednesday.

Mr. and Mrs. A. E. Harding and two sons of Mason City, Iowa, who have been visiting the Welsner family, left Wednesday to visit friends in Pasadena.

Mr. and Mrs. Albert Townsend, of McFarland, Calif., are visiting with Mr. and Mrs. B. A. Long.

Mr. and Mrs. Claude Gorham, Mrs. B. A. Long and the latter's guests, Mr. and Mrs. Albert Townsend spent Sunday at Venice.

B. A. Long and Billy Fay returned Monday after a week's hunting trip in Imperial valley.

Mrs. Charles Simmons was taken seriously ill Tuesday evening but is reported improved.

Mr. C. H. Beaver, who has been very ill, is reported to have small hopes of recovery.

Mr. and Mrs. W. M. Morrill and family and Mr. and Mrs. Emmitt Smith visited Mr. Morrill's sister, Mrs. C. F. Day, at Corona Sunday.

In the afternoon they drove to Arlington and saw Mr. and Mrs. Frank Anderson, who formerly lived here. Mrs. Anderson has been seriously ill and her many friends will be glad to know she is on the road to recovery.

Mr. Eudaley returned last week from a month and a half visiting with relatives in Arkansas.

Mrs. C. Holmes and daughter, Carrie of Santa Ana visited Mrs. Holmes' sister, Mrs. Collins and family, Tuesday.

Mrs. Beniah Urwick has accepted the position of chief operator for The Pacific Telephone and Telegraph company in the Garden Grove Exchange.

Mrs. Leonard Thierfelder of Anaheim and Mrs. Claud Gauge of Brea, visited Mrs. Starkey Wednesday.

Mrs. E. Hammel's nephew, Roy Everett, of Los Angeles, visited here Sunday.

Frank Bisset went to Los Angeles on business Wednesday.

BRAWLEY-HEMET ROAD. HEMET, Nov. 4.—Hemet citizens and the people of the Baptiste region are enthusiastically boosting for a proposed highway that will be a direct route from Hemet to Brawley. To further the project and to arouse interest in the rest of the county the Hemet Chamber of Commerce will give a dinner, Tuesday evening, November 9, to which representatives from the Chambers of Commerce at Riverside, Brawley, Perris, Corona, San Jacinto and Los Angeles will be invited. The proposed route goes through Blackburn canyon to Baptiste, the end of the constructed road, and leads thence through Cahaba and the Grapevine canyon direct to Brawley. It cuts a corner of San Diego County.

NEW CAMPING GROUND. REDLANDS, Nov. 4.—Better camping facilities for auto tourists are to be provided soon by the city. The present camping ground at Sylvan Park is attractive and plans are being made for a large, improved ground near the business section, the city to pipe water and gas and provide sanitary facilities.

FIRE DESTROYS HOME. VENTURA, Nov. 4.—Fire of unknown origin destroyed the home of Charles E. Lee in the Valley. The building, a six-room frame structure, was entirely destroyed, together with its contents. The loss, according to the owner, is \$3000. Insurance of \$1200 was carried.

DALE GREGG INJURED AT WELL NEAR PARK

ORANGE, Nov. 4.—Dale Gregg, a tool dresser for the National Security company near the County Park, was putting in a joint of 15-12 casing yesterday when he caught his glove, pulling his left hand in the casing block and severing the first two fingers, one at the knuckle, and one at the first joint.

He was dressing tools for the tool-pusher, W. H. Linscetter. Mr. Dale has worked for the past two months for the company. He has a wife and baby and resides at the Edwards apartments here.

INTERESTING TALK AT CENTER MEETING

FULLERTON, Nov. 4.—A decided touch of Hawaii was given to the meeting of the Farm Center at Choral hall when a trio of girls, Misses Hazel Scharr, Gertrude and Margaret Stephenson, led by Miss Anita Shephardson, wearing Hawaiian colors, sang songs of the flowery islands, accompanied by music on native Hawaiian instruments, eliciting applause from their hearers.

The opening number was very appropriate in view of the fact that it served as an introduction to the address on Hawaii by Miss Rumsey.

Spending four weeks on the islands this summer Miss Rumsey employed her time in investigating crop conditions, labor, the population of the different nationalities and many other things of absorbing interest, and highly entertained her hearers by an account of her visit there.

Miss Rumsey stated that the Hawaiian people are proud that they are part of the United States and are loyal Americans. The Hawaiian Islands consist of a group of 12 islands, only five of which are of any consequence. The islands must be high to enjoy the rains, the lower islands being cut off from the rains by the mountains and as a result are unproductive.

The scenery is grand and the hunting and fishing furnishes great sports for those who enjoy it. The game is wild hog, wild goat, and on some of the islands, wild cattle.

MUCH LOST TREASURE AS YET UNFOUND

LONDON, Nov. 4.—La Fitte, a famous French buccaneer, buried a great hoard in the Leeward Islands and was killed in a sea fight in the Gulf of Mexico in 1819, without being able to recover it, says the Daily Mail in telling of buried treasures.

There is every reason to believe that a certain little vessel of 400 tons, fitted out in the Thames in 1888, carried a company who successfully retrieved this treasure.

There are heaps of treasure in Haviti. When, in 1790, the blacks rose and the French planters were forced to flee for their lives, they buried their gold in gardens and houses.

In or about 1808 a poor man at Cape Haytien suddenly began to buy land, horses and boats. He had found £3000 in a chest under the half ruined house in which he lived. A speculator then bought the house, pulled it down and discovered further treasure worth £40,000.

But the most famous of lost treasures is that supposed still to exist among the Cocos Islands, which lie some 500 miles west of Panama. No less than £12,000,000 is the value spoken of, and within the past twenty-five years half a dozen costly expeditions have vainly sought for this enormous fortune.

The story is that in 1836, when Lima was threatened by insurgents, the rich citizens sent all their valuables aboard the bark Mary Dyer and sent her to the Cocos for safe keeping. Her crew quarreled, most were killed, and the secret of the hiding place was lost.

"WHITE STAR Laundry Tablets make washing easy."

There's No Picture Like the Picture of Health

The greatest masterpiece in the Art Gallery of Life is Nature's "Picture of Health".

It is a marvellous portrayal of the human body at its best. One beholds in its composite the perfect balance of strength and endurance, and the spirit of those who are strong, healthy, and full of life.

It is a picture of a man, alert, fresh, and sprightly, with an air of unbounded confidence and a face radiant in color and illuminated with a glow of hope and cheerfulness.

Could Nature have taken you for her model? Suppose you study yourself in the mirror of the present and compare your looks, your feelings, and your condition with the general characteristics of this picture of the human body in perfect working order, all parts of which are sound, well organized, and performing their functions freely, naturally.

If you fall in any single point of resemblance, you are not the picture of health. It is imperative, then, that you look to it, and bring your body up to a normal state of efficiency in all of its parts.

Nothing is more "rejuvenating" than the physical force that LYKO, the great general tonic, gives to the body. It tends to renew the worn-out tissues, replenish the blood, create new power and endurance, and revive the spirit of those who are weak, frail, languid and over-weighted as the result of indigestion, nervous strain, worry or overwork.

It is a reliable appetizer, a splendid aid to digestion and a fine functional regulator of the bowels.

All druggists sell LYKO. Get a bottle TO-DAY and you'll come to look more like the picture of health.

Sole Manufacturers: LYKO MEDICINE COMPANY NEW YORK KANSAS CITY, MO.

LA HABRA MAN HAS IMPORTANT POSITION

LA HABRA, Nov. 4.—In the past year growers shipping through the seven packing houses of associations belonging to the Northern Orange County Fruit Exchange were paid \$7,015,514.52. This sum was reported as the exchange's total at its annual meeting held Monday at Fullerton.

The association packing houses under this exchange are located thus—two at Anaheim and one each in Fullerton, Placentia, Yorba Linda and La Habra.

Charles Eysenbrod of Anaheim, was elected the exchange's representative on the board of the California Fruit Growers' exchange, which is the central association organization. Eysenbrod succeeds F. N. Edwards of La Habra, who was chosen as the exchange's director of the Lemon By-Products company, which has its plant at Corona.

It was recommended that Eysenbrod be made a director of the Growers' Supply company. The directors of that concern, which is operated by the California Fruit Growers' exchange, are selected by the directors of the central exchange.

C. W. McCulloch of Placentia, was elected president of the Northern Orange County Fruit exchange; Charles Eysenbrod, vice-president; H. Sullivan of Placentia, secretary.

SCIENTIFIC MANNER OF PRODUCING RUBIES

INDIANAPOLIS, Nov. 4.—Synthetic rubies or renovated rubies, have become in recent years rivals of the blood red gems fashioned by the alchemy of nature, says the News.

At a recent jeweler's convention the story of their creation was told.

Large solitary rubies appeared on the Swiss market in 1890, and, there being no ruby mines in the Alps, the origin of the stones, which were all of rare beauty and exceptional size, was a mystery.

An investigation revealed that a minister of the gospel had succeeded in fusing ruby chips thrown away by lapidaries and was growing rich through his magic secret. Scientists argued that, as a ruby is simply oxide of aluminum with a small amount of oxide of chromium to give it color, the fusion of the two metals should create rubies.

Professor Verneuil, a famous French scientist of that period, set to work on the problem. He used a modern oxy-hydrogen torch, made of two tubes, one inside the other. The inner tube, which held the oxygen, extended a foot beyond the outer tube, which held the hydrogen. Powdered oxide of aluminum, with a touch of oxide of chromium, was placed in a sieve bottom box in the top of the inner tube.

When the torch was lighted a small hammer began to tap the powder box and small particles fell into the flame. At first the heat was tempered so that it merely warmed an earthenware rod placed to catch the falling powder, which gradually formed a pyramid. The heat was then increased and the apex of the pyramid became molten. The powder, fusing as it fell, added to the mass, which finally cooled into a red

TEXCAL OFFERS YOU—

A well now drilling in PROVEN GROUND— Just across the road from Standard Oil Company's drilling well No. 5, in the Huntington Beach Gusher field— Ample capital to complete the first and with ordinary good fortune, the second well— Opportunity for profitable investment such as comes but once in a life time; for Texcal's plan of operations calls for the undertaking of 5 wells after the completion of well No. 1. And quick action on your money—for our first well is expected to be brought in on December 15th!

Our drilling speed makes quick action imperative.

Inmediate purchase is the only course, if you are to be certain of getting in on Texcal profits. AFTER the well comes in, your chance will be gone—for you surely realize what the news of a producing well will do to the price of Texcal shares. Even now, the limited amount of stock available at par value, \$1.00 per share is moving rapidly, and any day may see the close of this offering. Make your reservation NOW—the coupon will assure your being in time.

Radiantfire

The Last Word in Gas Heating

Years of experimental work in the laboratories of gas engineers has resulted in the birth of Radiantfire. This appliance, designed for the open fireplace, gives out an odorless warmth. It operates on an entirely new principle, the by-products of combustion being swept up the chimney.

501 No. Sycamore St. Phone 265

Open Ah Day Saturday

The man who wins in life's battle is the one who saves his money

The man who saves is providing resources, and the greater his resources the greater the probability of his success. His resources will be in store for two opposite contingencies—the pressure of ill fortune or the invitation of good fortune.

And besides actual resources, the man who saves is forming a personal character of thrift, intelligence and perseverance, strong in itself to achieve success. Interest paid on savings.

GREAT QUANTITY OF LUMBER IN HARBOR SOON

LONG BEACH, Nov. 4.—Approximately 7,000,000 feet of lumber will be delivered in the twin harbor within the next ten days, according to reports received today by local shippers. All of the lumber is to be used in the winter building program of Southern California. A total of 16,000,000 feet is scheduled for delivery today.

The following steamers are enroute to the twin harbor, each loaded with lumber:
S. S. Trinidad, from Astoria, sailed October 29; S. S. Tahoe, from Aberdeen, October 29; S. S. Saginaw, from Eureka, sailed October 29; S. S. F. S. Loop, from Port Gamble, sailed October 29; S. S. Stanwood, from Tacoma, sailed October 29; S. S. Waban, from Tacoma, sailed October 24; S. S. Wawona, from Portland, sailed October 24; and the barkentine, Forest Friend, from Gray's Harbor, sailed October 24.

The barkentine will be the first vessel of her type to enter the twin harbor in several years. She carries a full cargo of lumber, and a good many of the oldtime seafarers are anxiously awaiting her arrival, as they still favor the fast old ships which made the American merchant marine the peer of all others in the world, a number of years ago. Of late all shipments from Gray's Harbor have been made by steamers.

Many Loadings.
A number of vessels of the Coastwise Steamship and Barge company, one of the subsidiaries of the James Griffith and Sons organization, now are loading lumber cargoes at Puget Sound and Portland for the twin harbor. Some of the Griffith vessels are loading for San Diego and Calicut also.

The fleet now loading in the north includes the two new steel steamships built at the East Waterway plant of J. F. Duthis and company. The steamer Griffid, with the barge Villard, in tow, stopped at San Francisco last Friday where the barge was dropped, while the steamer continued on to the twin harbor. She arrived yesterday. The steamer Griffico, with the barge Griffison in tow, is also en route down the coast. She is bound for Balboa, Canal zone. Capt. Henry F. Stream, veteran master of Gray's Harbor, and Caughdoo commands the Griffid, and Captain Farrer is in charge of the Griffico.

Atlantic Merchandise.
Three deep water vessels are due in port early this afternoon with several thousand tons of merchandise loaded at the Atlantic seaboard. The first due in is the S. S. Hawaiian, which will inaugurate the re-establishment of the American-Hawaiian Steamship company's service between the twin harbor and the east coast. The Luckenbach steamer Pleiades from New York is expected to arrive late this evening and the S. S. Yosemite of the Pacific Steamship company line, is due from Philadelphia.

Ship Launched.
The oil tanker Mary Luckenbach, built at the Southwestern Shipbuilding corporation, was launched at 12:30 today. She was christened by Mrs. A. P. Hammond, wife of the Pacific coast manager of the Luckenbach lines.

The Mary Luckenbach is a 9000-ton tanker and was first intended for the Southwestern Shipbuilding company itself, but she was sold when the Luckenbach company made an attractive offer.

While the Admiral Line steamer Admiral Sebree was in port yesterday unloading 1800 tons of print paper, customs officers seized a small quantity of high proof whiskey, the ownership of which could not be determined. The steamer left yesterday evening for Ocean Falls, B. C.

The steel steamer Admiral Goodrich and the lumber schooners Brunswick and Santa Barbara, were engaged Sunday afternoon and yesterday morning in discharging lumber cargoes in the twin harbor. The Admiral Goodrich is tied up at the San Pedro Lumber company's docks and the other two are docked at the Southern Pacific wharf.

ADD TO NIGHT SCHOOL
OAKLAND, Nov. 4.—In order to meet the needs of young people of Oakland who are taking the places of the old accountants, the Technical High School, Forty-second street and Broadway, has opened a free evening class in machine calculation, dictaphone and accounting.

FORTUNES DERIVED FROM CORAL REEFS

DETROIT, Nov. 4.—In consideration of their slow growth coral reefs are fished once only in ten years, the fishing boats engaged in this extremely lucrative business varying in size from three to fourteen tons, says the News. The most valuable fisheries are among the coral reefs off Tunisia, Algeria and Morocco, the raw material going chiefly to Italy. The red coral of the Mediterranean and the Red sea is exported in large quantities to India, for the manufacture of ornaments and articles of personal adornment. The black coral of the Persian gulf and Great Barrier reef is still more highly prized.

The great depth at which the reef-building corals can work is between twenty and thirty fathoms. Confining to water the temperature of which in the coldest weather does not fall below 68 degrees Fahrenheit, coral reefs are abundant in the Pacific and Indian oceans and near the West Indies, and are most plentiful where volcanic upheavals are not looked upon as extraordinary.

The foundation of the living coral which extends in many reefs far below this depth, is no longer living, the once elevated portion of the seabed, the peaks upon which the now dead foundations rest, having subsided, the upper surface of the coral reef being built up steadily to keep pace with the subsidence. Ceasing to build upward when the surface of the water is almost reached, the coral polyps build outward, thus increasing the breadth of the reef.—Detroit News.

3 MILLION BALLOTS ARE CAST FOR DEBS

CHICAGO, Nov. 4.—Socialist headquarters expressed satisfaction over the showing the party made in its effort to elect Eugene V. Debs President, although he is in Atlanta Prison for violation of the espionage act. They said reports indicated that not only had the vote been increased for the National ticket, but that in some precincts Socialist candidates had run even with Republican and Democratic candidates, while in New York they had elected four Socialist members of the Legislature who had been ousted or resigned and had added a woman member to that body. Otto Branstetter, National secretary, sent a telegram to Debs, estimating that the total vote for him would be nearly 3,000,000.

ARMOUR PLEADS NOT GUILTY AS PROFITEER

NEW YORK, Nov. 4.—J. Ogden Armour, president of Armour & company, meat packers, and F. Edson White, vice president of the company, pleaded not guilty to an indictment charging profiteering, in the United States District court. The defendants were given two weeks' time in which to change their plea if they so cared and were released in \$1000 bail each.

SHIP SAVES \$20,000 BY DELAYING VOYAGE

NEW YORK, Nov. 4.—The delay in the departure of the Cunard Aquitania the other morning for Cherbourg and Southampton, was not due to any fault of the company supplying the oil fuel to her, but to the unfinished condition of a new auxiliary fuel tank with a capacity of 800 tons, or 5000 barrels. She had available in her tanks 7000 tons and needed the 800 additional tons of oil for the round trip.

As oil costs \$4 a barrel more in England than in New York the company saved \$20,000 by taking aboard after the tank was completed, the extra 800 tons.

GARY PREDICTS TWO TERMS FOR HARDING

NEW YORK, Nov. 4.—"The new administration is certain of an eight-year term and a record of achievement which will have a decided influence on the welfare of the people in this country and other countries as well."

Elbert H. Gary, chairman of the United States Steel Corporation declared that Harding will have the hearty support of the commercial, financial and industrial interests. E. V. R. Thayer of the Chase National bank, Mortimer L. Schiff of Kuhn, Loeb & Co., Seward Prosser of the Bankers Trust company, Walter E. Few of the Corn Exchange bank, all expressed their approval.

INVITE HARDING TO SANTA ANA FOR WINTER

An invitation to Senator Warren G. Harding to come to California for the winter and an invitation to Mr. and Mrs. E. E. Remsburg to attend the inauguration have been exchanged by wire between Senator Harding's home in Marion, O., and the home of the senator's sister at 1701 North Main street.

A telegram sent from the Harding home by Miss Nelle Marie Remsburg, niece of the President-elect, to Mr. and Mrs. Remsburg, reads:

"Marion, O., Nov. 3, 1920. 'Hurrah for Uncle Warren. Meet us at Washington on March 4.'"

A telegram worded as follows was sent from the Main street residence to Senator Harding:

"Dear Brother: Orange County unites with us in extending our hearty congratulations. Your clear fight won for you the largest plurality ever given a President in this country. No better place on earth to rest until March 4 than Santa Ana. Come."

GIRL STUDENT ALSO TEACHER IN SCHOOL

CORVALLIS, Ore. Nov. 4.—Teacher in the morning and extending in the afternoon—that is the double role which is being played here by Miss Gladys Kies, of Vancouver, Wash., senior in the home economics department at the Oregon Agricultural college.

Miss Kies is an instructor in kindergarten work during the forenoon and goes to her sociology, bacteriology and other "ology" classes at the college after lunch. Being an expert cook, Miss Kies assumes a third role whenever the cook at her sorority house is ill, or on a strike.

PACKING COMPANY WINS FROM GROWER

FRESNO, Nov. 4.—Judge M. F. McCormick, of Fresno, has ordered judgment for the plaintiff in the suit of the California Packing corporation for damages against G. H. Dugan, a peach-grower. The judgment approximated \$800, the amount representing the difference between the price for which the undelivered peaches were contracted for and the open market price.

The suit was the first of a series brought by the packing corporation against growers to reach judgment. They are based on failure of the orchardists to deliver fruit contracted for at a price of \$25 a ton and sold to others at higher prices.

PASADENANS ADOPTS CITY MANAGER PLAN

PASADENA, Nov. 4.—People of Pasadena scrapped the commission form of city government, in favor of a modified city manager plan, according to complete returns on the local measures voted upon Tuesday. The city manager charter amendment was adopted, 6553 to 5275.

The proposed bond issue of \$2,500,000 to build a municipal railway to Los Angeles, was defeated by a straight majority of 6934. The total vote was: No, 10,831; yes, 3879. It would have required a two-thirds majority of the vote cast to carry the bonds.

The change in form of government goes into effect next April. Then the city will elect a municipal board of seven directors. These directors will appoint the city manager, who will be the salaried municipal executive.

Another charter amendment adopted Tuesday permits the city to increase interest on municipal bonds from 5 to 6 per cent.

EX-EMPRESS HEARS OF PRINCE'S DEATH

DOORN, Holland, Nov. 4.—The former German Empress, Augusta Victoria, has not been informed that her son, Prince Joachim, killed himself, although he did so more than two months ago. She merely knows that he is dead.

The former Empress has been in better health of late than for several months, and now drives nearly every day about the park of the Doorn estate in a little pony cart.

Night school at O. C. Bus. College.

Sherwin-Williams DRY LIME SULFUR

BEST BY TEST

The original Dry Lime Sulfur, thoroughly tested and recognized by leading orchardists and experiment stations as equal to, and in many cases superior to the old fashioned Lime Sulfur Solution.

Sherwin-Williams Dry Lime Sulfur is the old reliable 33° Baume Solution, the standard liquid lime sulfur reduced to powder form by a scientific process. It is equal to, and in many cases has proven superior to lime sulfur solution. It also has advantages peculiar to the Sherwin-Williams formula and methods of manufacture which result in superior solubility, longer adhesiveness and duration of killing power. The dry powdered form saves buying tons of water, saves heavy water freight

and handling charges: saves loss through leaks, deterioration and freezing. Dry lime sulfur can be kept over without deterioration.

S-W Dry Lime Sulfur is thoroughly efficient and reliable in control of San Jose Scale, Oyster Shell Scale, Scurfy Scale, Blister Mite, Red Spider, Peach Leaf Curl, Peach Blight, Apple and Pear Scab, and Brown Rot of Plum, Cherries and Apricots. Combines perfectly with Arsenate of Lead for summer spraying.

S-W Dry Powdered Arsenate of Lead

contains the highest percentage of arsenic possible to use for quick action against pests, without harm to foliage. It gives the greatest fineness of cover, longer adhesion and killing strength and controls pests with fewer sprayings.

S-W Fungi-Bordo

is the true Bordeaux mixture in dry powdered form made from the best grade of lime and copper sulfate, assuring effective control of fungous diseases on fruits and vegetables. Mixes readily in water and does not deteriorate with age.

S-W SPRA-MULSION Oil Emulsion

has proven itself an effective dormant spray against San Jose, Brown Apricot, Oyster Shell, Italian Pear, and other scales, Aphid Eggs, Pear Thrips, and Psylla. It is safe to use freely on peach and apple trees.

SHERWIN-WILLIAMS PRODUCTS

S-W SPRAYER'S MANUAL 10c

A scientific book by a practical authority on every form of spraying control. New Edition illustrated in color, postpaid for 10c. Address The Sherwin-Williams Company, 616-622 Traction Ave., Los Angeles, Cal. 464-466 Second St., San Francisco, Cal. Sheldom Ave. and Horton St., Emeryville, Cal.

Too Weak to Do Anything

The ordinary every-day life of most women is a ceaseless treadmill of work. How much harder the tasks become when some derangement peculiar to her sex makes every movement painful, and keeps the nervous system all unstrung until life seems hardly worth living. Every women in this condition should profit by the experience of these two women whose letters follow.

Read the Experience of These Two Women

Reading, Pa.—"I had organic inflammation, pains in the side and back which were so sharp that they pulled me to my knees, and I could not walk. I had an operation and still I failed, and in the eight years I suffered I had four doctors and none helped me. My mother-in-law advised me to take Lydia E. Pinkham's Vegetable Compound. I was then in bed, and after the first bottle I could be out of bed, then I took Vegetable Compound Tablets and Lydia E. Pinkham's Blood Medicine and also used the Sanative Wash. I still take the medicine and am able now to do my own housework. My friends say, 'My! but you look well—what do you do? Who is your doctor?' And there is only one answer, 'Lydia E. Pinkham's medicines which I gladly recommend.'—Mrs. W. M. STEIN, 560 Douglas Street, Reading, Pa.

Gainesville, Tex.—"For three years I suffered untold agony each month with pains in my side. I found only temporary relief in doctor's medicine or anything else I took until my husband and I saw an advertisement of Lydia E. Pinkham's Vegetable Compound. I mentioned it to a neighbor and she told me she had taken it with good results, and advised me to try it. I was then in bed part of the time, and my doctor said I would have to be operated on, but we decided to try the Vegetable Compound, and I also used Lydia E. Pinkham's Sanative Wash. I am a dressmaker and am now able to go about my work, and do my housework besides. You are welcome to use this letter as a testimonial as I am always glad to speak a word for your medicine."—Mrs. W. M. STEPHENS, 202 Harvey St., Gainesville, Texas.

NEW YORK—George K. Hensfield of Paterson, N. J., who took first place in the annual typewriting contest, held in connection with the National Business Show at the Grand Central Palace, will receive \$1000 in cash, a trip to Europe and the championship cup shown in the picture. Hensfield captured first place by writing 131 words a minute for one hour. Miss Margaret B. Owen, former champion, finished second, with 128 words a minute.
